CHAPTER I - LAW ENFORCEMENT AUTHORITY

Federal Land Policy and Management Act of 1976

43 USC 1733

(c)

(1) When the Secretary determines that assistance is necessary in enforcing Federal laws and regulations relating to the public lands or their resources he shall offer a contract to appropriate local officials having law enforcement authority within their respective jurisdictions with the view of achieving maximum feasible reliance upon local law enforcement officials in enforcing such laws and regulations. The Secretary shall negotiate on reasonable terms with such officials who have authority to enter into such contracts to enforce such Federal laws and regulations. In the performance of their duties under such contracts such officials and their agents are authorized to carry firearms; execute and serve any warrant or other process issued by a court or officer of competent jurisdiction; make arrests without warrant or process for a misdemeanor he has reasonable grounds to believe is being committed in his presence or view, or for a felony if he has reasonable grounds to believe that the person to be arrested has committed or is committing such felony; search without warrant or process any person, place, or conveyance according to any Federal law or rule of law; and seize without warrant or process any evidentiary item as provided by Federal law. The Secretary shall provide such law enforcement training as he deems necessary in order to carry out the contracted for responsibilities. While exercising the powers and authorities provided by such contract pursuant to this section, such law enforcement officials and their agents shall have all the immunities of Federal law enforcement officials.

NOTE: This section enables the BLM to contract with State and local agencies to provide enforcement of Federal laws and regulations, but only when the BLM determines that assistance in this area is necessary. Under such contracts, the State and local agency would receive reimbursements for the services rendered. However, any State or local officers performing under the contract must meet the law enforcement training requirements of the Department of the Interior. The Department of the Interior requires basic training at the Federal Law Enforcement Training Center. State and local agencies may receive reimbursements for services rendered in enforcing their own State and local laws under a law enforcement agreement pursuant to the authority of 43 USC 1733(d) below. The above section also describes the law enforcement responsibilities and authorities of the BLM law enforcement officers that have been authorized pursuant to 43 USC 1733(c)(2) below.

(2) The Secretary may authorize Federal personnel or appropriate local officials to carry out his law enforcement responsibilities with respect to the public lands and their resources. Such designated personnel shall receive the training and have the responsibilities and authority provided for in paragraph (1) of this subsection.

(d) In connection with the administration and regulation of the use and occupancy of the public lands, the Secretary is authorized to cooperate with the regulatory and law enforcement officials of any State or political subdivision thereof in the enforcement of the laws or ordinances of such State or subdivision. Such cooperation may include reimbursement to a State or its subdivision for expenditures incurred by it in connection with activities which assist in the administration and regulation of use and occupancy of the public lands.

NOTE: Pursuant to BLM law enforcement General Orders 03 and 23, written law enforcement agreements with appropriate State and local agencies are required to implement this authority. BLM law enforcement officers must not enforce State and local laws without a written law enforcement agreement with the State and local agency that has authority to grant State law enforcement authority to Federal law enforcement officers.

(e) Nothing in this section shall prevent the Secretary from promptly establishing a uniformed desert ranger force in the California Desert Conservation Area established pursuant to section 1781 of this title for the purpose of enforcing Federal laws and regulations relating to the public lands and resources managed by him in such area. The officers and members of such ranger force shall have the same responsibilities and authority as provided for in paragraph (1) of subsection (c) of this section.

(f) Nothing in this Act shall be construed as reducing or limiting the enforcement authority vested in the Secretary by any other statute.

43 USC 1702

(e) The term "public lands" means any land and interest in land owned by the United States within the several States and administered by the Secretary of the Interior through the Bureau of Land Management, without regard to how the United States acquired ownership, except—

(1) lands located on the Outer Continental Shelf; and

(2) lands held for the benefit of Indians, Aleuts, and Eskimos.

NOTE¹: The law enforcement activities of the BLM are generally to protect the public lands, protection of the property and resources located on or coming from those lands. These activities may extend off the public lands, when the violation relates to the public lands or resources, such as: hot pursuit, untitled horses and burros under private care on private property, resources and property located on private property when they were illegally taken from public lands, and when reasonably necessary to protect adjacent Federal property or navigable waters (see: United States v. Lindsey, 595 F. 2d 5, 6 (1979)). In some regulations, the BLM has identified the scope of its law enforcement program extending to related waters, water surface, and waterways. Those regulations are: 43 CFR 8351.2-1, 8364.1(b)(1), 8560.1-1, 8372.0-7, and 9212.2.

NOTE² The FLPMA applies to the public lands and resources and not to private lands, State lands, or other Federal lands through use of memoranda of understanding or cooperative agreements. Pursuant to 43 USC 1715(c) of FLPMA, such lands become "public lands" when the lands and interests in lands are acquired

by the BLM pursuant to § 205 (acquisitions) and § 206 (exchanges). It is generally understood that interest in lands is acquired through a legal conveyance such as easements, rights-of-way, leases, etc.

Original section 701(g)(6)

(g) Nothing in this Act shall be construed as limiting or restricting the power and authority of the United States or—

(6) as a limitation upon any State criminal statute or upon the police power of the respective States, or as derogating the authority of a local police officer in the performance of his duties, or as depriving any State or political subdivision thereof of any right it may have to exercise civil and criminal jurisdiction on the national resource lands; or as amending, limiting, or infringing the existing laws providing grants of lands to the States.

Taylor Grazing Act of 1934

43 USC 315(a) Protection, administration, regulation, and improvement of districts; rules and regulations; study of erosion and flood control; offenses

The Secretary of the Interior shall make provision for the protection, administration, regulation, and improvement of such grazing districts as may be created under the authority of section 315 of this title, and he shall make such rules and regulations and establish such service, enter into such cooperative agreements, and do any and all things necessary to accomplish the purposes of this subchapter and to insure the objects of such grazing districts, namely, to regulate their occupancy and use, to preserve the land and its resources from destruction or unnecessary injury, to provide for the orderly use, improvement, and development of the range; and the Secretary of the Interior is authorized to continue the study of erosion and flood control and to perform such work as may be necessary amply to protect and rehabilitate the areas subject to the provisions of this subchapter, through such funds as may be made available for that purpose, and any willful violation of the provisions of this subchapter or of such rules and regulations thereunder after actual notice thereof shall be punishable by a fine of not more than \$500.

Wild Free-Roaming Horse and Burro Act of 1971

16 USC 1338

(b) Any employee designated by the Secretary of the Interior or the Secretary of Agriculture shall have power, without warrant, to arrest any person committing in the presence of such employee a violation of this chapter or any regulation made pursuant thereto, and to take such person immediately for examination or trial before an officer or court of competent jurisdiction, and shall have power to execute any warrant or other process issued by an officer or court of competent jurisdiction to enforce the provisions of this chapter or regulations made pursuant thereto. Any judge of a court established under the laws of the United States, or any United States magistrate may, within his

respective jurisdiction, upon proper oath or affirmation showing probable cause, issue warrants in all such cases.

Sikes Act of 1974

16 USC 670 j

(b)

(1) For the purpose of enforcing subsection (a) of this section, the Secretary of the Interior and the Secretary of Agriculture may designate any employee of their respective departments, and any State officer or employee authorized under a cooperative agreement to enforce subsection (a) of this section, to (i) carry firearms; (ii) execute and serve any warrant or other process issued by a court or officer of competent jurisdiction; (iii) make arrests without warrant or process for a misdemeanor he has reasonable grounds to believe is being committed in his presence or view; (iv) search without warrant or process any person, place, or conveyance as provided by law; and (v) seize without warrant or process any evidentiary item as provided by law.

(2) Upon the sworn information by a competent person, any United States magistrate or court of competent jurisdiction may issue process for the arrest of any person charged with committing any offense under subsection (a) of this section.

(3) Any person charged with committing any offense under subsection (a) of this section may be tried and sentenced by any United States magistrate designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided for in section 3401 of Title 18.

(c) All guns, traps, nets, and other equipment, vessels, vehicles, and other means of transportation used by any person when engaged in committing an offense under subsection (a) of this section shall be subject to forfeiture to the United States and may be seized and held pending the prosecution of any person arrested for committing such offense. Upon conviction for such offense, such forfeiture may be adjudicated as a penalty in addition to any other provided for committing such offense.

Land and Water Conservation Fund Act of 1964

16 USC 460 I-6a

(e) In accordance with the provisions of this section, the heads of appropriate departments and agencies may prescribe rules and regulations for areas under their administration for the collection of any fee established pursuant to this section. Persons authorized by the heads of such Federal agencies to enforce any such rules or regulations issued under this subsection may, within areas under the administration or authority of such agency head and with or, if the offense is committed in his presence, without a warrant, arrest any person who violates such rules and regulations. Any person so arrested may be tried and sentenced by the United States magistrate judge specifically

designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in subsections (b), (c), (d), and (e) of section 3401 of Title 18. Any violations of the rules and regulations issued under this subsection shall be punishable by a fine of not more than \$100.

NOTE: This section of the Land and Water Conservation Fund Act (LWCFA) was repealed per section 813 of the Federal Land Recreation Enhancement Act of 2004 (16 USC 6812), however regulations promulgated under authority of the LWCFA remain in effect until new regulations are completed. (16 USC 6812(f))

Federal Land Recreation Enhancement Act, December 8, 2004

16 USC 6811 - Enforcement and Protection of Receipts

(a) ENFORCEMENT AUTHORITY.—The Secretary concerned shall enforce payment of the recreation fees authorized by this Act.

(b) EVIDENCE OF NONPAYMENT.—If the display of proof of payment of a recreation fee, or the payment of a recreation fee within a certain time period is required, failure to display such proof as required or to pay the recreation fee within the time period specified shall constitute nonpayment.

(c) JOINT LIABILITY.—The registered owner and any occupant of a vehicle charged with a nonpayment violation involving the vehicle shall be jointly liable for penalties imposed under this section, unless the registered owner can show that the vehicle was used without the registered owner's express or implied permission.

(d) LIMITATION ON PENALTIES.—The failure to pay a recreation fee established under this Act shall be punishable as a Class A or Class B misdemeanor, except that in the case of a first offense of nonpayment, the fine imposed may not exceed \$100, notwithstanding section 3571(e) of title 18, United States Code.

Oath & Affirmations, Act of October 14, 1940

43 USC 1466

Special agents and such other employees of the Division of Investigations, Department of the Interior of the United States, as are designated by the Secretary of the Interior for that purpose, are authorized and empowered to administer to or take from any person an oath, affirmation, affidavit, or deposition whenever necessary in the performance of their official duties. Any such oath, affirmation, affidavit, or deposition administered or taken by or before a special agent or such other employee of the Division of Investigations, Department of the Interior, designated by the Secretary of the Interior, when certified under his hand, shall have like force and effect as if administered or taken before an officer having a seal.

**Federal Law Enforcement Officers' Good Samaritan Act of 1998 (P.L. 105-277)
Sec. 627.**

(a) Definitions.—In this section—

(1) the term “crime of violence” has the meaning given that term in section 16 of title 18, United States Code; and

(2) the term “law enforcement officer” means any employee described in subparagraph (A), (B), or (C) of section 8401(17) of title 5, United States Code; and any special agent in the Diplomatic Security Service of the Department of State.

(b) Rule of Construction.—Notwithstanding any other provision of law, for purposes of Chapter 171 of Title 28, United States Code, or any other provision of law relating to tort liability, a law enforcement officer shall be construed to be acting within the scope of his or her office or employment, if the officer takes reasonable action, including the use of force, to—

(1) protect an individual in the presence of the officer from a crime of violence;

(2) provide immediate assistance to an individual who has suffered or who is threatened with bodily harm; or

(3) prevent the escape of any individual who the officer reasonably believes to have committed in the presence of the officer a crime of violence

18 USC 16 - Crime of violence defined

The term “crime of violence” means—

(a) an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or

(b) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense.

NOTE: The Good Samaritan Act provides that a Federal law enforcement officer is deemed to be acting within the scope of his or her employment if they intervene in a crime of violence as defined above, to prevent bodily harm, or to prevent the escape of an individual who committed a crime of violence in his or her presence. It does not convey any authority to BLM Law Enforcement Officer's to enforce state or local laws.

CHAPTER II - PENALTIES

Federal Land Policy and Management Act of 1976

43 USC 1733

(a) The Secretary shall issue regulations necessary to implement the provisions of this Act with respect to the management, use, and protection of the public lands, including the property located thereon. Any person who knowingly and willfully violates any such regulation which is lawfully issued pursuant to this Act shall be fined no more than \$1,000 or imprisoned no more than twelve months, or both. Any person charged with a violation of such regulation may be tried and sentenced by any United States magistrate judge designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions and limitations as provided for in section 3401 of Title 18.

NOTE¹: This section provides the general authority for issuing regulations with criminal penalties. The penalties provided make any such regulations class A misdemeanor offenses (see 18 USC 3559). This has caused some degree of confusion over whether the BLM can issue violation notices (Federal citations) for such offenses. This is because the procedures for misdemeanors and other petty offenses (Rule 58) provide "The trial of a misdemeanor may proceed on an indictment, information, or complaint or, in the case of a petty offense, on a citation or violation notice." Some U.S. District Courts have interpreted this as implying that only in petty offenses can a citation or violation notice be used. Other U.S. District Courts have determined that the citation can be used when the defendant pays the collateral amount (fine) and terminates the proceedings, but if a trial ensues then an indictment, information, or complaint must be used to initiate the trial. Also, the 1990 Advisory Committee Notes appended to this rule state, "The Committee envisions no major changes in the way in which the trial of misdemeanors and petty offenses are currently handled." This being the case, then the 1980 Advisory Committee Notes are applicable as well. Those Notes state: A misdemeanor case above the petty offense level may be initiated by citation or violation notice, and such document will suffice if a plea of guilty or nolo contendere is entered; but if such a case is to go to trial, then a complaint, information or indictment is necessary."

NOTE²: There are also other applicable Federal laws that provide authority for issuing regulations with criminal penalties on public lands. These laws, with the exception of the Wild Free-Roaming Horse and Burro Act, have penalties that are at or below the petty offense level. When the BLM identifies these sources of authority with the issuance of particular regulations these penalties may also be applicable to those regulations subject to the statutory conditions. These laws, particular regulations, and conditions are set out below.

(b) At the request of the Secretary, the Attorney General may institute a civil action in any United States district court for an injunction or other appropriate order to prevent any person from utilizing public lands in violation of regulations issued by the Secretary under this Act.

Wild Free-Roaming Horse and Burro Act of 1971

16 USC 1338

(a) ...shall be subject to a fine of not more than \$2,000, or imprisonment for not more than one year, or both. Any person so charged with such violation by the Secretary may be tried and sentenced by any United States commissioner or magistrate designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided for in section 3401 of Title 18.

Sikes Act of 1974

16 USC 670j

(a)

(1) Any person who hunts, traps, or fishes on any public land which is subject to a conservation and rehabilitation program implemented under this subchapter without having on his person a valid public land management area stamp, if the possession of such a stamp is required, shall be fined not more than \$1,000, or imprisoned for not more than six months, or both.

(2) Any person who knowingly violates or fails to comply with any regulations prescribed under section 670h(c)(5) of this title shall be fined not more than \$500, or imprisoned not more than six months, or both.

NOTE: These penalties may apply to regulations that identify the Sikes Act as an authority source in areas subject to a fish and wildlife conservation and rehabilitation program pursuant to a cooperative agreement with the State fish and wildlife agency. Those regulations are: 43 CFR 8341.1, 8343.1, subpart 8364, subpart 8365, 8372.0-7, and 9268.3(e)(1).

Land and Water Conservation Fund Act of 1964

16 USC 460 I-6a

(e) ... Any person so arrested may be tried and sentenced by the United States magistrate judge specifically designated for that purpose by the court by which he was appointed, in the same manner and subject to the same conditions as provided in subsections (b), (c), (d), and (e) of section 3401 of Title 18. Any violations of the rules and regulations issued under this subsection shall be punishable by a fine of not more than \$100.

NOTE: This section of the Land and Water Conservation Fund Act (LWCFA) was repealed per section 813 of the Federal Land Recreation Enhancement Act of 2004 (16 USC 6812), however regulations promulgated under authority of the LWCFA remain in effect until new regulations are completed. (16 USC 6812(f)).

Federal Land Recreation Enhancement Act, December 8, 2004

16 USC 6811 - Enforcement and Protection of Receipts

(d) LIMITATION ON PENALTIES.—The failure to pay a recreation fee established under this Act shall be punishable as a Class A or Class B misdemeanor, except that in the case of a first offense of nonpayment, the fine imposed may not exceed \$100, notwithstanding section 3571(e) of title 18, United States Code.

National Trails Act of 1968

16 USC 1246 (i)

The appropriate Secretary, with the concurrence of the heads of any other Federal agencies administering lands through which a national recreation, national scenic, or national historic trail passes, and after consultation with the States, local governments, and organizations concerned, may issue regulations, which may be revised from time to time, governing the use, protection, management, development, and administration of trails of the national trails system. (e) *Humane treatment* means handling compatible with animal husbandry practices accepted in the veterinary community, without causing unnecessary stress or suffering to a wild horse or burro.

(f) *Inhumane treatment* means any intentional or negligent action or failure to act that causes stress, injury, or undue suffering to a wild horse or burro and is not compatible with animal husbandry practices accepted in the veterinary community.

(g) *Lame wild horse or burro* means a wild horse or burro with one or more malfunctioning limbs that permanently impair its freedom of movement.

(h) *Old wild horse or burro* means a wild horse or burro characterized because of age by its physical deterioration and inability to fend for itself, suffering, or closeness to death.

(i) *Private maintenance* means the provision of proper care and humane treatment to excess wild horses and burros by qualified individuals under the terms and conditions specified in a Private Maintenance and Care Agreement.

(j) *Public lands* means any lands or interests in lands administered by the Secretary of the Interior through the Bureau of Land Management.

(k) *Sick wild horse or burro* means a wild horse or burro with failing health, infirmity or disease from which there is little chance of recovery.

(l) *Wild horses and burros* means all unbranded and unclaimed horses and burros that use public lands as all or part of their habitat, that have been removed from these lands by the authorized officer, or that have been born of wild horses or burros in authorized BLM facilities, but have not lost their status under section 3 of the Act. Foals born to a wild horse or burro after approval of a Private Maintenance and Care Agreement are not wild horses or burros. Such foals are the property of the adopter of the parent mare or jenny. Where it appears in this part the term wild horses and burros is deemed to include the term free-roaming.

43 CFR 4770.1 - Prohibited acts

The following acts are prohibited:

(a)

(1) On any lease site on Federal or Indian lands, any authorized and properly identified representative of the Secretary may stop and inspect any motor vehicle that he has probable cause to believe is carrying oil from a lease site on Federal or Indian lands or allocated to such a lease site, for the purpose of determining whether the driver of such vehicle has documentation related to such oil as required by law.

(2) Any authorized and properly identified representative of the Secretary, accompanied by any appropriate law enforcement officer, or an appropriate law enforcement officer alone, may stop and inspect any motor vehicle which is not on a lease site if he has probable cause to believe the vehicle is carrying oil from a lease site on Federal or Indian lands or allocated to such a lease site. Such inspection shall be for the purpose of determining whether the driver of such vehicle has the documentation required by law.

(b) Authorized and properly identified representatives of the Secretary may without advance notice, enter upon, travel across and inspect lease sites on Federal or Indian lands and may obtain from the operator immediate access to secured facilities on such lease sites, for the purpose of making any inspection or investigation for determining whether there is compliance with the requirements of the mineral leasing laws and this chapter. The Secretary shall develop guidelines setting forth the coverage and the frequency of such inspections.

(c) For the purpose of making any inspection or investigation under this chapter, the Secretary shall have the same right to enter upon or travel across any lease site as the lessee or operator has acquired by purchase, condemnation, or otherwise.

(3) calculate and distribute shared civil penalties;

(4) train and certify Tribal or State inspectors;

(5) issue and regulate inspector identification cards; and

(6) identify leases to be inspected, taking into account the priorities of the Tribe. Priorities for allotted lands will be established through consultation with the BIA office with jurisdiction over the lands in the agreement.

(b) If BLM enters into a cooperative agreement, that agreement does not affect BLM's right to enter lease sites to conduct inspections, enforcement, investigations, or other activities necessary to supervise lease operations.

CHAPTER VI - MINERALS, MINING USE, AND OCCUPANCY

Federal Land Policy and Management Act of 1976

43 USC 1733(g)

 - (2) Whenever any officer, employee, or agent of a corporation or other entity is subject to civil or criminal action under this section for activity conducted on behalf of the corporation or other entity, the corporation or other entity shall be subject to the same action, unless it is shown that the officer, employee, or agent was acting without the knowledge or consent of the corporation or other entity.
- (e) The remedies, penalties, fines, and imprisonment prescribed in this section shall be concurrent and cumulative and the exercise of one shall not preclude the exercise of the others. Further, the remedies, penalties, fines, and imprisonment prescribed in this section shall be in addition to any other remedies, penalties, fines, and imprisonment afforded by any other law or regulation.
- (f)
- (1) A State may commence a civil action under subsection (c) of this section against any person conducting activity within the State in violation of this section. (3) Any civil penalties recovered by a State under this subsection shall be retained by the State and may be expended in such manner and for such purposes as the State deems appropriate. If a civil action is jointly brought by the Attorney General and a State, by more than one State or by the Attorney General and more than one State, any civil penalties recovered as a result of the joint action shall be shared by the parties bringing the action in the manner determined by the court rendering judgment in such action.

(4) If a State has commenced a civil action against a person conducting activity within the State in violation of this section, the Attorney General may join in such action but may not institute a separate action arising from the same activity under this section. If the Attorney General has commenced a civil action against a person conducting activity within a State in violation of this section, that State may join in such action but may not institute a separate action arising from the same activity under this section.

(5) Nothing in this section shall deprive a State of jurisdiction to enforce its own civil and criminal laws against any person who may also be subject to civil and criminal action under this section.

Coal deprecations - Act of July 3, 1926

18 USC 1851

Whoever mines or removes coal of any character, whether anthracite, bituminous, or lignite, from beds or deposits in lands of, or reserved to the United States, with intent wrongfully to appropriate, sell, or dispose of the same, shall be fined under this title or imprisoned not more than one year, or both. This section shall not interfere with any right or privilege conferred by existing laws of the United States.

30 USC 611 - Common varieties of sand, stone, gravel, pumice, pumicite, or cinders, and petrified wood

No deposit of common varieties of sand, stone, gravel, pumice, pumicite, or cinders and no deposit of petrified wood shall be deemed a valuable mineral deposit within the meaning of the mining laws of the United States so as to give effective validity to any mining claim hereafter located under such mining laws: Provided, however, That nothing herein shall affect the validity of any mining location based upon discovery of some other mineral occurring in or in association with such a deposit. "Common varieties" as used in this subchapter and sections 601 and 603 of this title does not include deposits of

such materials which are valuable because the deposit has some property giving it distinct and special value and does not include so-called "block pumice" which occurs in nature in pieces having one dimension of two inches or more. "Petrified wood" as used in this subchapter and sections 601 and 603 of this title means agatized, opalized, petrified, or silicified wood, or any material formed by the replacement of wood by silica or other matter.

43 CFR 3603.1 - Unauthorized Use (mineral materials general)

Except when authorized by sale or permit under law and the regulations of the Department of the Interior, the extraction, severance or removal of mineral materials from public lands under the jurisdiction of the Department of the Interior is unauthorized use. Unauthorized users shall be liable for damages to the United States, and shall be subject to prosecution for such unlawful acts.

43 CFR 3715 - Use and occupancy under the mining laws

43 CFR 3715.0-5 - How are certain terms in this subpart defined?

As used in this subpart the term:

Mining laws means all laws that apply to mining of locatable minerals on public lands and which make public lands available for development of locatable minerals. This includes, but is not limited to, the general authorities relating to mining of locatable minerals or to the public lands on which this subpart is based and case law which interprets those authorities.

Mining operations means all functions, work, facilities, and activities reasonably incident to mining or processing of mineral deposits. It includes building roads and other means of access to a mining claim or millsite on public lands.

Occupancy means full or part-time residence on the public lands. It also means activities that involve residence; the construction, presence, or maintenance of temporary or permanent structures that may be used for such purposes; or the use of a watchman or caretaker for the purpose of monitoring activities. Residence or structures include, but are not limited to, barriers to access, fences, tents, motor homes, trailers, cabins, houses, buildings, and storage of equipment or supplies.

Permanent structure means a structure fixed to the ground by any of the various types of foundations, slabs, piers, poles, or other means allowed by building codes. The term also includes a structure placed on the ground that lacks foundations, slabs, piers, or poles, and that can only be moved through disassembly into its component parts or by techniques commonly used in house moving. The term does not apply to tents or lean-tos.

Public lands means lands open to the operation of the mining laws which BLM administers, including lands covered by unpatented mining claims or millsites.

Prospecting or exploration means the search for mineral deposits by geological, geophysical, geochemical, or other techniques. It also includes, but is not limited to, sampling, drilling, or developing surface or underground workings to evaluate the type, extent, quantity, or quality of mineral values present.

Reasonably incident means the statutory standard "prospecting, mining, or processing operations and uses reasonably incident thereto" (30 USC 612). It is a shortened version of the statutory standard. It includes those actions or expenditures of labor and resources by a person of ordinary prudence to prospect, explore, define, develop, mine, or beneficiate a valuable mineral deposit, using methods, structures, and equipment appropriate to the geological terrain, mineral deposit, and stage of development and reasonably related activities.

Substantially regular work means work on, or that substantially and directly benefits, a mineral property, including nearby properties under your control. The work must be associated with the search for and development of mineral deposits or the processing of ores. It includes active and continuing exploration, mining, and beneficiation or processing of ores. It may also include assembly or maintenance of equipment, work on physical improvements, and procurement of supplies, incidental to activities meeting the conditions of Sec. 3715.2 and 3715.2-1. It may also include off-site trips associated with these activities. The term also includes a seasonal, but recurring, work program.

Unnecessary or undue degradation, as applied to unauthorized uses, means those activities that are not reasonably incident and are not authorized under any other applicable law or regulation. As applied to authorized uses, the term is used as defined in 43 CFR 3802.0-5 and 3809.0-5.

43 CFR 3715.2 - What activities do I have to be engaged in to allow me to occupy the public lands?

In order to occupy the public lands under the mining laws for more than 14 calendar days in any 90-day period within a 25-mile radius of the initially occupied site, you must be engaged in certain activities. Those activities that are the reason for your occupancy must:

- (a) Be reasonably incident;
- (b) Constitute substantially regular work;
- (c) Be reasonably calculated to lead to the extraction and beneficiation of minerals;
- (d) Involve observable on-the-ground activity that BLM may verify under Sec. 3715.7; and
- (e) Use appropriate equipment that is presently operable, subject to the need for reasonable assembly, maintenance, repair or fabrication of replacement parts.

43 CFR 3715.2-1 - What additional characteristic(s) must my occupancy have?

In addition to the requirements specified in Sec. 3715.2, your occupancy must involve one or more of the following:

- (a) Protecting exposed, concentrated or otherwise accessible valuable minerals from theft or loss;
- (b) Protecting from theft or loss appropriate, operable equipment which is regularly used, is not readily portable, and cannot be protected by means other than occupancy;
- (c) Protecting the public from appropriate, operable equipment which is regularly used, is not readily portable, and if left unattended, creates a hazard to public safety;
- (d) Protecting the public from surface uses, workings, or improvements which, if left unattended, create a hazard to public safety; or
- (e) Being located in an area so isolated or lacking in physical access as to require the mining claimant, operator, or workers to remain on site in order to work a full shift of a usual and customary length. A full shift is ordinarily 8 hours and does not include travel time to the site from a community or area in which housing may be obtained.

43 CFR 3715.2-2 - How do I justify occupancy by a caretaker or watchman?

If you assert the need for a watchman or caretaker to occupy the public lands to protect valuable or hazardous property, equipment, or workings, you must show that the need for the occupancy is both reasonably incident and continual. You must show that a watchman or caretaker is required to be present either whenever the operation is not active or whenever you or your workers are not present on the site.

43 CFR 3715.2-3 - Under what circumstances will BLM allow me to temporarily occupy a site for more than 14 days?

BLM may allow temporary occupancy at a single site to extend beyond the 14-day period described in Sec. 3715.1 if you need to secure the site beyond 14 days through the use of a watchman as allowed by Sec. 3715.2-2, and you have begun consultation with BLM under Sec. 3715.3. If BLM decides not to concur in the occupancy, the temporary occupancy must stop.

43 CFR 3715.3 - Must I consult with BLM before occupancy?

Before beginning occupancy, you must consult with BLM about the requirements of this subpart.

43 CFR 3715.3-1 - At what point may I begin occupancy?

You must not begin occupancy until—

- (a) You have complied with either 43 CFR part 3800, subpart 3802 or 3809 and this subpart, and BLM has completed its review and made the required determinations under the applicable subparts, and

(b) You have obtained all federal, state and local mining, reclamation, and waste disposal permits, approvals, or other authorizations for the particular use or occupancy as required under this subpart.

43 CFR 3715.3-2 - What information must I provide to BLM about my proposed occupancy?

You must give BLM a detailed map that identifies the site and the placement of the items specified in paragraphs (c), (d), and (e) of this section, and a written description of the proposed occupancy that describes in detail:

- (a) How the proposed occupancy is reasonably incident;
- (b) How the proposed occupancy meets the conditions specified in Sec. 3715.2 and Sec. 3715.2-1;
- (c) Where you will place temporary or permanent structures for occupancy;
- (d) The location of and reason you need enclosures, fences, gates, and signs intended to exclude the general public;
- (e) The location of reasonable public passage or access routes through or around the area to adjacent public lands; and
- (f) The estimated period of use of the structures, enclosures, fences, gates, and signs, as well as the schedule for removal and reclamation when operations end.

43 CFR 3715.3-3 - How does BLM process the information I submit about my proposed occupancy?

BLM will review all proposed occupancies and all proposed enclosures, fences, gates, or signs intended to exclude the general public to determine if your proposed occupancy or use will conform to the provisions of Sec. Sec. 3715.2, 3715.2-1 and 3715.5. BLM will complete its review of a proposed occupancy not involving a plan of operations within 30 business days of receipt of the materials, unless it concludes that the determination cannot be made until:

- (a) 30 business days after it prepares necessary environmental documents, and
- (b) 30 business days after it has complied with section 106 of the National Historic Preservation Act, Section 7 of the Endangered Species Act, and/or other applicable statutes, if applicable.

43 CFR 3715.3-4 - How will BLM notify me of the outcome of its review process?

At the conclusion of the review, BLM will make a written determination of concurrence or non-concurrence, and will send it to you. For operations conducted under a plan of operations, BLM will include this written determination in the decision that approves, modifies, or rejects the plan.

43 CFR 3715.3-5 - What will BLM's notification include?

(a) BLM will include in each determination of concurrence a statement requiring you to continue to comply with Sec. 3715.2, 3715.2-1 and 3715.5.

(b) BLM will specify in each determination of non-concurrence how the proposed occupancy fails to meet the conditions of Sec. 3715.2, Sec. 3715.2-1 or Sec. 3715.5, and will provide you an opportunity to modify the proposed occupancy or appeal the determination under Sec. 3715.9.

43 CFR 3715.3-6 - May I begin occupancy if I have not received concurrence from BLM?

If you have not received concurrence from BLM, you must not begin occupancy even though you have submitted, or plan to submit, an amended occupancy proposal or an appeal.

43 CFR 3715.4 - What if I have an existing use or occupancy?

(a) By August 18, 1997, all existing uses and occupancies must meet the applicable requirements of this subpart. If not, BLM will either issue you a notice of noncompliance or order any existing use or occupancy failing to meet the requirements of this subpart to suspend or cease under Sec. 3715.7-1. BLM will also order you to reclaim the land under 43 CFR part 3800, subpart 3802 or 3809 to BLM's satisfaction within a specified, reasonable time, unless otherwise expressly authorized.

(b) If you are occupying the public lands under the mining laws on August 15, 1996, you may continue your occupancy for one year after that date, without being subject to the procedures this subpart imposes, if:

- (1) You notify BLM by October 15, 1996 of the existence of the occupancy using a format specified by BLM; and
- (2) BLM has no pending trespass action against you concerning your occupancy.

(c) The one-year grace period provided in paragraph (b) of this section will not apply if at any time BLM determines that your use or occupancy is not reasonably incident and the continued presence of the use or occupancy is a threat to health, safety or the environment. In this situation, BLM will order an immediate temporary suspension of activities under Sec. 3715.7-1(a).

(d) If you have no existing occupancies, but are engaged in uses of the public lands under the mining law, you are subject to the standards in Sec. 3715.5. BLM will determine if your existing uses comply with those standards during normal inspection visits to the area and during BLM review of notices and plans of operations filed under 43 CFR part 3800.

43 CFR 3715.5 - What standards apply to my use or occupancy?

(a) Your use or occupancy must be reasonably incident. In all uses and occupancies, you must prevent or avoid "unnecessary or undue degradation" of the public lands and resources.

(b) Your uses must conform to all applicable federal and state environmental standards and you must have obtained all required permits before beginning, as required under 43 CFR part 3800. This means getting permits and authorizations and meeting standards required by state and federal law, including, but not limited to, the Clean Water Act (33 USC 1251 et seq.), Clean Air Act (42 USC 7401 et seq.), and the Resource Conservation and Recovery Act (42 USC 6901 et seq.), as required under 43 CFR part 3800.

(c) Your occupancies must conform to all applicable federal and state environmental standards and you must have obtained all required permits before beginning, as required under this subpart and 43 CFR part 3800. This means getting permits and authorizations and meeting standards required by state and federal law, including, but not limited to, the Clean Water Act (33 USC 1251 et seq.), Clean Air Act (42 USC 7401 et seq.), and the Resource Conservation and Recovery Act (42 USC 6901 et seq.), as required under this subpart and 43 CFR part 3800.

(d) If you're prospecting or exploration activities involve only surface activities, you must not place permanent structures on the public lands. Any temporary structures you place on the public lands during prospecting or exploration will be allowed only for the duration of the activities, unless BLM expressly and in writing allows them to remain longer. If your prospecting or exploration activities involve subsurface activities, you may place permanent structures on the public lands, if BLM concurs.

(e) All permanent and temporary structures you place on the public lands must conform to the applicable state or local building, fire, and electrical codes, and occupational safety and health and mine safety standards. If state or local codes require, you must obtain a certificate of occupancy or its equivalent before you begin use or occupancy involving permanent structures. If state or local law requires, you must also acquire appropriate sewerage and sanitation permits before the occupancy or use of a permanent structure placed on the public lands.

43 CFR 3715.6 - What things does BLM prohibit under this subpart?

Except where other applicable laws or regulations allow, BLM prohibits the following:

(a) Placing, constructing, maintaining or using residences or structures for occupancy not meeting:

(1) The conditions of occupancy under §§ 3715.2 or 3715.2-1; or

(2) Any of the standards of occupancy under § 3715.5;

(b) Beginning occupancy before the filing, review, and approval or modification of a plan of operation as required under 43 CFR part 3800, subparts 3802 or 3809;

(c) Beginning occupancy before consultation with BLM as required by § 3715.3 for activities that do not require a plan of operations under 43 CFR part 3800, subpart 3802 or that are defined as casual use or notice activities under 43 CFR part 3800, subpart 3809;

- (d) Beginning occupancy without receiving a determination of concurrence because the proposed occupancy or fencing will not conform to the provisions of § 3715.2, § 3715.2-1 or § 3715.5;
- (e) Not complying with any order issued under this subpart within the time frames the order provides;
- (f) Preventing or obstructing free passage or transit over or through the public lands by force, threats, or intimidation; provided, however, that reasonable security and safety measures in accordance with this subpart are allowed;
- (g) Placing, constructing, or maintaining enclosures, gates, or fences, or signs intended to exclude the general public, without BLM's concurrence;
- (h) Causing a fire or safety hazard or creating a public nuisance;
- (i) Not complying with the notification and other requirements under § 3715.4 relating to an existing occupancy; and
- (j) Conducting activities on the public lands that are not reasonably incident, including, but not limited to: non-mining related habitation, cultivation, animal maintenance or pasturage, and development of small trade or manufacturing concerns; storage, treatment, processing, or disposal of non-mineral, hazardous or toxic materials or waste that are generated elsewhere and brought onto the public lands; recycling or reprocessing of manufactured material such as scrap electronic parts, appliances, photographic film, and chemicals; searching for buried treasure, treasure trove or archaeological specimens; operating hobby and curio shops; cafes; tourist stands; and hunting and fishing camps.

NOTE: The administrative process of notice of noncompliance should be utilized prior to implementing criminal law enforcement actions on these regulations to make certain that the operator has had an opportunity to comply and that the violations continue to be "knowingly and willfully" violated. In situations where there is doubt if the uses of the public land are or are not "reasonably incident," a surface use determination report should be prepared by the responsible BLM resource specialist.

43 CFR 3715.7 - How will the BLM inspect my use or occupancy and enforce this subpart?

- (a) BLM field staff is authorized to physically inspect all structures, equipment, workings, and uses located on the public lands. The inspection may include verification of the nature of your use and occupancy to ensure that your use or occupancy is, or continues to be, reasonably incident and in compliance with §§ 3715.2, 3715.2-1, 3715.4-1, and 3715.5.
- (b) BLM will not inspect the inside of structures used solely for residential purposes, unless an occupant or a court of competent jurisdiction gives permission.

43 CFR 3715.8 - What penalties are available to BLM for violations of this subpart?

The penalties for individuals and organizations are as follows:

(a) Individuals. If you knowingly and willfully violate the requirements of this subpart, you may be subject to arrest and trial under section 303(a) of FLPMA (§ 43 USC 1733(a)) and/or section 4 of the Unlawful Occupancy and Inclosures of Public Lands Act (§ 43 USC 1064). If you are convicted, you will be subject to a fine of not more than \$100,000 or the alternative fine provided for in the applicable provisions of § 18 USC 3571, or imprisonment not to exceed 12 months, or both, for each offense.

(b) Organizations. If an organization or corporation knowingly or willfully violates the requirements of this subpart, it is subject to trial and, if convicted, will be subject to a fine of not more than \$200,000, or the alternative fine provided for in the applicable provisions of § 18 USC 3571.

43 CFR 3715.8-1 - What happens if I make false statements to BLM?

You are subject to arrest and trial before a United States District Court if, in any matter under this subpart, you knowingly and willfully falsify, conceal or cover up by any trick, scheme or device a material fact, or make any false, fictitious or fraudulent statements or representations, or make or use any false writings or document knowing the same to contain any false, fictitious or fraudulent statement or entry. If you are convicted, you will be fined not more than \$250,000 or the alternative fine provided for in the applicable provisions of § 18 USC 3571, or imprisoned not more than 5 years, or both.

43 CFR 3809 - Surface Management

43 CFR 3809.5 - How does BLM define certain terms used in this subpart?

Casual use means activities ordinarily resulting in no or negligible disturbance of the public lands or resources. For example—

(1) Casual use generally includes the collection of geochemical, rock, soil, or mineral specimens using hand tools; hand panning; or non- motorized sluicing. It may include use of small portable suction dredges. It also generally includes use of metal detectors, gold spears and other battery-operated devices for sensing the presence of minerals, and hand and battery-operated drywashers. Operators may use motorized vehicles for casual use activities provided the use is consistent with the regulations governing such use (part 8340 of this title), off-road vehicle use designations contained in BLM land-use plans, and the terms of temporary closures ordered by BLM.

(2) Casual use does not include use of mechanized earth-moving equipment, truck-mounted drilling equipment, motorized vehicles in areas when designated as closed to "off-road vehicles" as defined in Sec. 8340.0-5 of this title, chemicals, or explosives. It also does not include "occupancy" as defined in Sec. 3715.0-5 of this title or operations in areas where the cumulative effects of the activities result in more than negligible disturbance.

Exploration means creating surface disturbance greater than casual use that includes sampling, drilling, or developing surface or underground workings to evaluate the type, extent, quantity, or quality of mineral values present. Exploration does not include activities where material is extracted for commercial use or sale.

Minimize means to reduce the adverse impact of an operation to the lowest practical level. During review of operations, BLM may determine that it is practical to avoid or eliminate particular impacts.

Mining claim means any unpatented mining claim, millsite, or tunnel site located under the mining laws. The term also applies to those mining claims and millsites located in the California Desert Conservation Area that were patented after the enactment of the Federal Land Policy and Management Act of October 21, 1976. Mining "claimant" is defined in Sec. 3833.0-5 of this title. Mining laws means the Lode Law of July 26, 1866, as amended (14 Stat. 251); the Placer Law of July 9, 1870, as amended (16 Stat. 217); and the Mining Law of May 10, 1872, as amended (17 Stat. 91); as well as all laws supplementing and amending those laws, including the Building Stone Act of August 4, 1892, as amended (27 Stat. 348); the Saline Placer Act of January 31, 1901 (31 Stat. 745); the Surface Resources Act of 1955 (30 USC 611-614); and the Federal Land Policy and Management Act of 1976 (43 USC 1701 et seq.).

Mitigation, as defined in 40 CFR 1508.20, may include one or more of the following:

- (1) Avoiding the impact altogether by not taking a certain action or parts of an action;
- (2) Minimizing impacts by limiting the degree or magnitude of the action and its implementation;
- (3) Rectifying the impact by repairing, rehabilitating, or restoring the affected environment;
- (4) Reducing or eliminating the impact over time by preservation and maintenance operations during the life of the action; and
- (5) Compensating for the impact by replacing, or providing substitute, resources or environments.

Operations means all functions, work, facilities, and activities on public lands in connection with prospecting, exploration, discovery and assessment work, development, extraction, and processing of mineral deposits locatable under the mining laws; reclamation of disturbed areas; and all other reasonably incident uses, whether on a mining claim or not, including the construction of roads, transmission lines, pipelines, and other means of access across public lands for support facilities.

Operator means a person conducting or proposing to conduct operations.

Person means any individual, firm, corporation, association, partnership, trust, consortium, joint venture, or any other entity conducting operations on public lands.

Project area means the area of land upon which the operator conducts operations, including the area required for construction or maintenance of roads, transmission lines, pipelines, or other means of access by the operator.

Public lands, as defined in 43 USC 1702, means any land and interest in land owned by the United States within the several States and administered by the Secretary of the Interior through the BLM, without regard to how the United States acquired ownership, except-- (1) Lands located on the Outer Continental Shelf; and (2) Lands held for the benefit of Indians, Aleuts, and Eskimos.

Reclamation means taking measures required by this subpart following disturbance of public lands caused by operations to meet applicable performance standards and achieve conditions required by BLM at the conclusion of operations. For a definition of "reclamation" applicable to operations conducted under the mining laws on Stock Raising Homestead Act lands, see part 3810, subpart 3814 of this title. Components of reclamation include, where applicable:

- (1) Isolation, control, or removal of acid-forming, toxic, or deleterious substances;
- (2) Regrading and reshaping to conform to adjacent landforms, facilitate revegetation, control drainage, and minimize erosion;
- (3) Rehabilitation of fisheries or wildlife habitat;
- (4) Placement of growth medium and establishment of self-sustaining revegetation;
- (5) Removal or stabilization of buildings, structures, or other support facilities;
- (6) Plugging of drill holes and closure of underground workings; and
- (7) Providing for post-mining monitoring, maintenance, or treatment.

Riparian area is a form of wetland transition between permanently saturated wetlands and upland areas. These areas exhibit vegetation or physical characteristics reflective of permanent surface or subsurface water influence. Typical riparian areas include lands along, adjacent to, or contiguous with perennially and intermittently flowing rivers and streams, glacial potholes, and the shores of lakes and reservoirs with stable water levels. Excluded are areas such as ephemeral streams or washes that do not exhibit the presence of vegetation dependent upon free water in the soil.

Tribe means, and Tribal refers to, a Federally recognized Indian tribe.

Unnecessary or undue degradation means conditions, activities, or practices that:

- (1) Fail to comply with one or more of the following: the performance standards in Sec. 3809.420, the terms and conditions of an approved plan of operations, operations described in a complete notice, and other Federal and state laws related to environmental protection and protection of cultural resources;

(2) Are not “reasonably incident” to prospecting, mining, or processing operations as defined in Sec. 3715. 0-5 of this chapter; or

(3) Fail to attain a stated level of protection or reclamation required by specific laws in areas such as the California Desert Conservation Area, Wild and Scenic Rivers, BLM-administered portions of the National Wilderness System, and BLM-administered National Monuments and National Conservation Areas.

43 CFR 3809.420 - What performance standards apply to my notice or plan of operations?

The following performance standards apply to your notice or plan of operations:

(a) General performance standards—

(1) Technology and practices. You must use equipment, devices, and practices that will meet the performance standards of this subpart.

(2) Sequence of operations. You must avoid unnecessary impacts and facilitate reclamation by following a reasonable and customary mineral exploration, development, mining and reclamation sequence.

(3) Land-use plans. Consistent with the mining laws, your operations and post-mining land use must comply with the applicable BLM land-use plans and activity plans, and with coastal zone management plans under 16 USC 1451, as appropriate.

(4) Mitigation. You must take mitigation measures specified by BLM to protect public lands.

(5) Concurrent reclamation. You must initiate and complete reclamation at the earliest economically and technically feasible time on those portions of the disturbed area that you will not disturb further.

(6) Compliance with other laws. You must conduct all operations in a manner that complies with all pertinent Federal and state laws.

(b) Specific standards—

(1) Access routes. Access routes shall be planned for only the minimum width needed for operations and shall follow natural contours, where practicable to minimize cut and fill. When the construction of access routes involves slopes that require cuts on the inside edge in excess of 3 feet, the operator may be required to consult with the authorized officer concerning the most appropriate location of the access route prior to commencing operations. An operator is entitled to access to his operations consistent with provisions of the mining laws. Where a notice or a plan of operations is required, it shall specify the location of access routes for operations and other conditions necessary to prevent unnecessary or undue degradation. The authorized officer may require the operator to use existing roads to minimize the number of access routes, and, if practicable, to construct access roads within a designated transportation or utility corridor. When commercial hauling is involved and

the use of an existing road is required, the authorized officer may require the operator to make appropriate arrangements for use and maintenance.

(2) Mining wastes. All tailings, dumps, deleterious materials or substances, and other waste produced by the operations shall be disposed of so as to prevent unnecessary or undue degradation and in accordance with applicable Federal and state Laws.

(3) Reclamation.

(i) At the earliest feasible time, the operator shall reclaim the area disturbed, except to the extent necessary to preserve evidence of mineralization, by taking reasonable measures to prevent or control on-site and off-site damage of the Federal lands.

(ii) Reclamation shall include, but shall not be limited to:

(A) Saving of topsoil for final application after reshaping of disturbed areas have been completed;

(B) Measures to control erosion, landslides, and water runoff;

(C) Measures to isolate, remove, or control toxic materials;

(D) Reshaping the area disturbed, application of the topsoil, and revegetation of disturbed areas, where reasonably practicable; and

(E) Rehabilitation of fisheries and wildlife habitat.

(iii) When reclamation of the disturbed area has been completed, except to the extent necessary to preserve evidence of mineralization, the authorized officer shall be notified so that an inspection of the area can be made.

(4) Air quality. All operators shall comply with applicable Federal and state air quality standards, including the Clean Air Act (42 USC 1857 et seq.).

(5) Water quality. All operators shall comply with applicable Federal and state water quality standards, including the Federal Water Pollution Control Act, as amended (30 USC 1151 et seq.).

(6) Solid wastes. All operators shall comply with applicable Federal and state standards for the disposal and treatment of solid wastes, including regulations issued pursuant to the Solid Waste Disposal Act as amended by the Resource Conservation and Recovery Act (42 USC 6901 et seq.). All garbage, refuse or waste shall either be removed from the affected lands or disposed of or treated to minimize, so far as is practicable, its impact on the lands.

(7) Fisheries, wildlife and plant habitat. The operator shall take such action as may be needed to prevent adverse impacts to threatened or endangered species, and their habitat which may be affected by operations.

(8) Cultural and paleontological resources.

(i) Operators shall not knowingly disturb, alter, injure, or destroy any scientifically important paleontological remains or any historical or archaeological site, structure, building or object on Federal lands.

(ii) Operators shall immediately bring to the attention of the authorized officer any cultural and/or paleontological resources that might be altered or destroyed on Federal lands by his/her operations, and shall leave such discovery intact until told to proceed by the authorized officer. The authorized officer shall evaluate the discoveries brought to his/her attention, take action to protect or remove the resource, and allow operations to proceed within 10 working days after notification to the authorized officer of such discovery.

(iii) The Federal Government shall have the responsibility and bear the cost of investigations and salvage of cultural and paleontology values discovered after a plan of operations has been approved, or where a plan is not involved.

43 CFR 3809.605 - What are prohibited acts under this subpart?

Prohibited acts include, but are not limited to, the following:

- (a) Causing any unnecessary or undue degradation;
- (b) Beginning any operations, other than casual use, before you file a notice as required by § 3809.21 or receive an approved plan of operations as required by § 3809.412;
- (c) Conducting any operations outside the scope of your notice or approved plan of operations;
- (d) Beginning operations prior to providing a financial guarantee that meets the requirements of this subpart;
- (e) Failing to meet the requirements of this subpart when you stop conducting operations under a notice (§ 3809.334), when your notice expires (§ 3809.335), or when you stop conducting operations under an approved plan of operations (§ 3809.424);
- (f) Failing to comply with any applicable performance standards in § 3809.420;
- (g) Failing to comply with any enforcement actions provided for in § 3809.601; or
- (h) Abandoning any operation prior to complying with any reclamation required by this subpart or any order provided for in § 3809.601.

43 CFR 3809.700 - What criminal penalties apply to violations of this subpart?

The criminal penalties established by statute for individuals and organizations are as follows:

- (a) Individuals. If you knowingly and willfully violate the requirements of this subpart, you may be subject to arrest and trial under section 303(a) of FLPMA (43 USC 1733(a)). If you are convicted, you will be subject to a fine of not more than \$100,000 or the alternative fine provided for in the applicable provisions of 18 USC 3571, or imprisonment not to exceed 12 months, or both, for each offense; and

(b) Organizations. If an organization or corporation knowingly and willfully violates the requirements of this subpart, it is subject to trial and, if convicted, will be subject to a fine of not more than \$200,000 or the alternative fine provided for in the applicable provisions of 18 USC 3571.

43 CFR 3809.701 - What happens if I make false statements to BLM?

Under Federal statute (18 USC 1001), you are subject to arrest and trial before a United States District Court if, in any matter under this subpart, you knowingly and willfully falsify, conceal, or cover up by any trick, scheme, or device a material fact, or make any false, fictitious, or fraudulent statements or representations, or make or use any false writings or documents knowing the same to contain any false, fictitious, or fraudulent statement or entry. If you are convicted, you will be subject to a fine of not more than \$250,000 or the alternative fine provided for in the applicable provisions of 18 USC 3571 or imprisonment for not more than 5 years, or both.

CHAPTER VII - CULTURAL, SCIENTIFIC, AND CAVE RESOURCES

16 USC 433 - Antiquities Act, 1906

Any person who shall appropriate, excavate, injure, or destroy any historic or prehistoric ruin or monument, or any object of antiquity, situated on lands owned or controlled by the Government of the United States, without the permission of the Secretary of the Department of the Government having jurisdiction over the lands on which said antiquities are situated, shall, upon conviction, be fined in a sum of not more than \$500 or be imprisoned for a period of not more than ninety days, or shall suffer both fine and imprisonment, in the discretion of the court.

NOTE: This Act was found to be unconstitutional in the 9th U.S. Circuit Court of Appeals in 1974.

16 USC 470 - Archaeological Resources Protection Act, 1979

16 USC 470bb - Definitions

As used in this chapter—

(1) The term “archaeological resource” means any material remains of past human life or activities which are of archaeological interest, as determined under uniform regulations promulgated pursuant to this chapter. Such regulations containing such determination shall include, but not be limited to: pottery, basketry, bottles, weapons, weapon projectiles, tools, structures or portions of structures, pit houses, rock paintings, rock carvings, intaglios, graves, human skeletal materials, or any portion or piece of any of the foregoing items. Non-fossilized and fossilized paleontological specimens, or any portion or piece thereof, shall not be considered archaeological resources, under the regulations under this paragraph, unless found in archaeological context. No item shall be treated as an archaeological resource under regulations under this paragraph unless such item is at least 100 years of age.

(2) The term “Federal land manager” means, with respect to any public lands, the Secretary of the department, or the head of any other agency or instrumentality of the United States, having primary management authority over such lands. In the case of any public lands or Indian lands with respect to which no department, agency, or instrumentality has primary management authority, such term means the Secretary of the Interior. If the Secretary of the Interior consents, the responsibilities (in whole or in part) under this chapter of the Secretary of any department (other than the Department of the Interior) or the head of any other agency or instrumentality may be delegated to the Secretary of the Interior with respect to any land managed by such other Secretary or agency head, and in any such case, the term “Federal land manager” means the Secretary of the Interior.

- (3) The term “public lands” means—
- (A) lands which are owned and administered by the United States as part of—
 - (i) the national park system,
 - (ii) the national wildlife refuge system, or
 - (iii) the national forest system; and
 - (B) all other lands the fee title to which is held by the United States, other than lands on the Outer Continental Shelf and lands which are under the jurisdiction of the Smithsonian Institution.
- (4) The term “Indian lands” means lands of Indian tribes, or Indian individuals, which are either held in trust by the United States or subject to a restriction against alienation imposed by the United States, except for any subsurface interests in lands not owned or controlled by an Indian tribe or an Indian individual.
- (5) The term “Indian tribe” means any Indian tribe, band, nation, or other organized group or community, including any Alaska Native village or regional or village corporation as defined in, or established pursuant to, the Alaska Native Claims Settlement Act (85 Stat. 688) [43 USC 1601 et seq.].
- (6) The term “person” means an individual, corporation, partnership, trust, institution, association, or any other private entity or any officer, employee, agent, department, or instrumentality of the United States, of any Indian tribe, or of any State or political subdivision thereof.
- (7) The term “State” means any of the fifty States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands.

16 USC 470ee - Prohibited acts and criminal penalties

- (a) No person may excavate, remove, damage, or otherwise alter or deface, or attempt to excavate, remove, damage, or otherwise alter or deface any archaeological resource located on public lands or Indian lands unless such activity is pursuant to a permit issued under section 470cc of this title, a permit referred to in section 470cc(h)(2) of this title, or the exemption contained in section 470cc(g)(1) of this title.
- (b) No person may sell, purchase, exchange, transport, receive, or offer to sell, purchase, or exchange any archaeological resource if such resource was excavated or removed from public lands or Indian lands in violation of—
- (1) the prohibition contained in subsection (a) of this section, or
 - (2) any provision, rule, regulation, ordinance, or permit in effect under any other provision of Federal law.
- (c) No person may sell, purchase, exchange, transport, receive, or offer to sell, purchase, or exchange, in interstate or foreign commerce, any archaeological resource excavated, removed, sold, purchased, exchanged, transported, or received in violation of any provision, rule, regulation, ordinance, or permit in effect under State or local law.

(d) Any person who knowingly violates, or counsels, procures, solicits, or employs any other person to violate, any prohibition contained in subsection (a), (b), or (c) of this section shall, upon conviction, be fined not more than \$10,000 or imprisoned not more than one year, or both: Provided, however, That if the commercial or archaeological value of the archaeological resources involved and the cost of restoration and repair of such resources exceeds the sum of \$500, such person shall be fined not more than \$20,000 or imprisoned not more than two years, or both. In the case of a second or subsequent such violation upon conviction such person shall be fined not more than \$100,000, or imprisoned not more than five years, or both.

(e) The prohibitions contained in this section shall take effect on October 31, 1979.

(f) Nothing in subsection (b) (1) of this section shall be deemed applicable to any person with respect to an archaeological resource which was in the lawful possession of such person prior to October 31, 1979.

(g) Nothing in subsection (d) of this section shall be deemed applicable to any person with respect to the removal of arrowheads located on the surface of the ground.

NOTE: This section exempts the removal of arrowheads on the surface from the criminal penalties of ARPA. However, arrowheads still meet the definition of an archeological resource under the Act and their unauthorized collection is still prohibited. Enforcing that prohibition becomes dependent upon the criminal penalties available under the FLPMA. 43 CFR 8365.1-5(a) identified below should be used for this purpose.

16 USC 470ff - Civil penalties

(a)

(1) Any person who violates any prohibition contained in an applicable regulation or permit issued under this chapter may be assessed a civil penalty by the Federal land manager concerned. No penalty may be assessed under this subsection unless such person is given notice and opportunity for a hearing with respect to such violation. Each violation shall be a separate offense. Any such civil penalty may be remitted or mitigated by the Federal land manager concerned.

(2) The amount of such penalty shall be determined under regulations promulgated pursuant to this chapter, taking into account, in addition to other factors—

(A) the archaeological or commercial value of the archaeological resource involved, and

(B) the cost of restoration and repair of the resource and the archaeological site involved.

Such regulations shall provide that, in the case of a second or subsequent violation by any person, the amount of such civil penalty may be double the amount which would have been assessed if such violation were the first violation by such person. The amount of any penalty assessed under this subsection for any violation shall not exceed an amount equal to

double the cost of restoration and repair of resources and archaeological sites damaged and double the fair market value of resources destroyed or not recovered.

(3) No penalty shall be assessed under this section for the removal of arrowheads located on the surface of the ground.

(b)

(1) Any person aggrieved by an order assessing a civil penalty under subsection (a) of this section may file a petition for judicial review of such order with the United States District Court for the District of Columbia or for any other district in which such a person resides or transacts business. Such a petition may only be filed within the 30-day period beginning on the date the order making such assessment was issued. The court shall hear such action on the record made before the Federal land manager and shall sustain his action if it is supported by substantial evidence on the record considered as a whole.

(2) If any person fails to pay an assessment of a civil penalty—

(A) after the order making the assessment has become a final order and such person has not filed a petition for judicial review of the order in accordance with paragraph (1), or

(B) after a court in an action brought under paragraph (1) has entered a final judgment upholding the assessment of a civil penalty, the Federal land managers may request the Attorney General to institute a civil action in a district court of the United States for any district in which such person is found, resides, or transacts business to collect the penalty and such court shall have jurisdiction to hear and decide any such action. In such action, the validity and amount of such penalty shall not be subject to review.

(c) Hearings held during proceedings for the assessment of civil penalties authorized by subsection (a) of this section shall be conducted in accordance with section 554 of title 5. The Federal land manager may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, and documents, and administer oaths. Witnesses summoned shall be paid the same fees and mileage that are paid to witnesses in the courts of the United States. In case of contumacy or refusal to obey a subpoena served upon any person pursuant to this paragraph, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the Federal land manager or to appear and produce documents before the Federal land manager, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

16 USC 470gg - Enforcement

(a) Upon the certification of the Federal land manager concerned, the Secretary of the Treasury is directed to pay from penalties and fines collected under sections 470ee and 470ff of this title an amount equal to one-half of such penalty or fine, but not to exceed \$500, to any person who furnishes information which leads to the finding of a civil violation, or the conviction of criminal violation, with respect to which such penalty or fine was paid. If several persons provided such information, such amount shall be divided among such persons. No officer or employee of the United States or of any State or local government who furnishes information or renders service in the performance of his official duties shall be eligible for payment under this subsection.

(b) All archaeological resources with respect to which a violation of subsection (a), (b), or (c) of section 470ee of this title occurred and which are in the possession of any person, and all vehicles and equipment of any person which were used in connection with such violation, may be (in the discretion of the court or administrative law judge, as the case may be) subject to forfeiture to the United States upon—

- (1) such person's conviction of such violation under section 470ee of this title,
- (2) assessment of a civil penalty against such person under section 470ff of this title with respect to such violation, or
- (3) a determination by any court that such archaeological resources, vehicles, or equipment were involved in such violation.

(c) In cases in which a violation of the prohibition contained in subsection (a), (b), or (c) of section 470ee of this title involve archaeological resources excavated or removed from Indian lands, the Federal land manager or the court, as the case may be, shall provide for the payment to the Indian or Indian tribe involved of all penalties collected pursuant to section 470ff of this title and for the transfer to such Indian or Indian tribe of all items forfeited under this section.

The Native American Graves Protection and Repatriation Act, 1990

18 USC 1170

(a) Whoever knowingly sells, purchases, uses for profit, or transports for sale or profit, the human remains of a Native American without the right of possession to those remains as provided in the Native American Graves Protection and Repatriation Act shall be fined in accordance with this title, or imprisoned not more than 12 months, or both, and in the case of a second or subsequent violation, be fined in accordance with this title, or imprisoned not more than 5 years, or both.

(b) Whoever knowingly sells, purchases, uses for profit, or transports for sale or profit any Native American cultural items obtained in violation of the Native American Grave Protection and Repatriation Act shall be fined in accordance with this title, imprisoned not more than one year, or both, and in the case of a

second or subsequent violation, be fined in accordance with this title, imprisoned not more than 5 years, or both.

16 USC 4306 - Prohibited acts and criminal penalties

(a)

BLM will not issue a free use permit if we determine that you own or control an adequate supply of suitable mineral materials that: (a) Are readily available, and (b) You can mine in a manner that is economically and environmentally acceptable.

43 CFR 3604.21 - What is the term of a free use permit?

(a) BLM will determine the appropriate length of your free use permit term.

(1) BLM will not grant free use permits to government entities for terms exceeding 10 years.

BLM may cancel your permit if you fail, after adequate notice, to follow its terms and conditions.

43 CFR 3604.27 - What rights does a free use permit give me against other users of the land?

Permits that BLM issues under this subpart constitute a superior right to remove the materials in accordance with the permit terms and provisions, as against any claim to or entry of the lands made after the date BLM designated the tract for mineral materials disposal. See Sec. 3602.12.

43 CFR 3622 - Free Use of Petrified Wood

43 CFR 3622.3 - Designation of areas

(a) All public lands administered by the Bureau of Land Management and the Bureau of Reclamation are open to or available for free use removal of petrified wood unless otherwise provided for by notice in the Federal Register. Free use areas under the jurisdiction of said Bureaus may be modified or cancelled by notices published in the Federal Register.

(b) The heads of other Bureaus in the Department of the Interior may publish in the Federal Register designations, modifications or cancellations of free use areas for petrified wood on lands under their jurisdiction.

(c) The Secretary of the Interior may designate, modify or cancel free use areas for petrified wood on public lands which are under the jurisdiction of other Federal departments or agencies, other than the Department of Agriculture, with the consent of the head of other Federal departments or agencies concerned, upon publication of notice in the Federal Register.

Pooling of quotas to obtain pieces larger than 250 pounds is not allowed.

(2) Except for holders of permits issued under Subpart 3621 of this title to remove museum pieces, no person shall use explosives, power equipment, including, but not limited to, tractors, bulldozers, plows, power-shovels, semi-trailers or other heavy equipment for the excavation or removal of petrified wood.

(b) Additional rules. The head of the agency having jurisdiction over a free use area may establish and publish additional rules for collecting petrified wood for noncommercial purposes to supplement those included in § 3622.4(a) of this title.

43 CFR 8360 Visitor Services; Rules of Conduct; Property & Resources

43 CFR 8360.0-5 - Definitions

As used in this part, the term:

(b) "Campfire" means a controlled fire occurring out of doors, used for cooking, branding, personal warmth, lighting, ceremonial or aesthetic purposes.

(c) "Developed sites and areas" means sites and areas that contain structures or capital improvements primarily used by the public for recreation purposes. Such sites or areas may include such features as: delineated spaces for parking, camping or boat launching; sanitary facilities; potable water; grills or fire rings; tables; or controlled access.

43 CFR 8365.1-5 - Property and resources

(a) On all public lands, unless otherwise authorized, no person shall;

(1) Willfully deface, disturb, remove or destroy any personal property, or structures, or any scientific, cultural, archaeological or historic resource, natural object or area;

(2) Willfully deface, remove or destroy plants or their parts, soil, rocks or minerals, or cave resources, except as permitted under paragraph (b) or (c) of this paragraph; or

(3) Use on the public lands explosive, motorized or mechanical devices, except metal detectors, to aid in the collection of specimens permitted under paragraph (b) or (c) of this paragraph.

(b) Except on developed recreation sites and areas, or where otherwise prohibited and posted, it is permissible to collect from the public lands reasonable amounts of the following for noncommercial purposes:

(1) Commonly available renewable resources such as flowers, berries, nuts, seeds, cones and leaves;

(2) Nonrenewable resources such as rocks, mineral specimens, common invertebrate fossils and semiprecious gemstones;

- (3) Petrified wood as provided under subpart 3622 of this title;
- (4) Mineral materials as provided under subpart 3604; and (5) Forest products for use in campfires on the public lands. Other collection of forest products shall be in accordance with the provisions of Group 5500 of this title.

(c) The collection of renewable or nonrenewable resources from the public lands for sale or barter to commercial dealers may be done only after obtaining a contract or permit from an authorized officer in accordance with part 3600 or 5400 of this chapter.

NOTE: This section allows for "collection" of certain resources without a permit as long as:

- *It is done without the use of explosive, motorized or mechanical devices (except metal detectors) to aid in collection of "specimens."*
- *It is not done on developed sites and areas, or where otherwise prohibited and posted.*
- *It is a "reasonable amount."*
- *It is for "non-commercial" purposes.*
- *It is a resource described and listed in § 8365.1-5(b).*

The key words and phrases are "collect," "specimens," "reasonable amounts", and "non-commercial." Collection (rather than extraction) implies picking by hand, although there may be some hand tools involved. It also implies for hobby, educational or scientific purpose. "Specimen" implies a sample or a part of something intended to exhibit the kind and quality of the whole. Non-commercial implies for personal use and enjoyment. "Reasonable amount" implies a relatively small amount. What amount is reasonable depends on the type of resource collected, the value of the resources, the availability of the resource, the sustainability of continued collection in a given location, the frequency of collection, and the environmental effects involved. However, "reasonable amount" must be reconciled with the words: "collect", "specimen", and "non-commercial." A "reasonable amount" should be a small amount of material that would fit inside a average backpack or that could be carried by hand in a 5 gallon bucket or other container. It should not be any amounts that could be described in units of measurement used in commercial marketing, such as: board feet, cubic yards, bushels, tons, etc.

The supplementary information provided in the final rulemaking of 43 CFR Part 8360 includes the statement: "The proposed rulemaking was designed to afford land managers of the Bureau of Land Management the flexibility to deal with local conditions and situations." Part 8360 provides several authorities for land managers to further regulate the various resources administered by them. If the allowed collection of reasonable amounts of resources is causing an immediate threat to the availability of that resource or the continued collection has caused or is likely to cause unnecessary or undue degradation, the Field Office Manager could choose to immediately close the area to collection under the authority provided in § 8364.1, Closure and restrictions orders. If the resource condition is such to warrant permanent management restrictions or protection (e.g., recommended as a result of a resource management planning process), the State Director may establish supplementary rules under the authority provided in §

8365.1-6, Supplementary rules. Such rules could define the "reasonable amounts", the acceptable collection methods, the frequency of collection, and/or require permits. The Field Office Manager could also implement the provisions of § 3560.7 as it relates to hardrock mineral specimen collection.

The rules in this subsection shall apply to use and occupancy of all public lands under the jurisdiction of the Bureau of Land Management. Additional rules for developed sites and areas are found in § 8365.2 of this title.

43 CFR 8365.1-2 - Occupancy and use

On all public lands, no person shall:

- (a) Camp longer than the period of time permitted by the authorized officer; or

NOTE: Camping stay limits must be established and issued by the authorized officer as a supplementary rule. Although, many field offices have adopted a "14 day" rule and 43 CFR 3715.1 exempts mining claim occupancy for 14 days or less in any 90-day period, there is no Bureauwide standard for this.

- (b) Leave personal property unattended longer than 10 days (12 months in Alaska), except as provided under § 8365.2-3(b) of this title, unless otherwise authorized. Personal property left unattended longer than 10 days (12 months in Alaska), without permission of the authorized officer, is subject to disposition under the Federal Property and Administrative Services Act of 1949, as amended (§ 40 USC 484(m)).

NOTE: When handling abandoned property situations, BLM Realty Trespass Abatement Handbook H-9232-1, Chapter VI. procedures must be followed in establishing and documenting abandonment. In situations involving impoundment and disposition of motor vehicles and trailers, there may be special procedures involved that require consultation with State and local law enforcement agencies. A thorough inventory of such property impounded is required in Law Enforcement General Order 28.

43 CFR 8365.1-4(a) - Public health, safety, and comfort

(a) No person shall cause a public disturbance or create a risk to other persons on public lands by engaging in activities which include, but are not limited to, the following:

- (1) Making unreasonable noise;
- (2) Creating a hazard or nuisance;
- (3) Refusing to disperse, when directed to do so by an authorized officer;
- (4) Resisting arrest or issuance of citation by an authorized officer engaged in performance of official duties; interfering with any Bureau of Land Management employee or volunteer engaged in performance of official duties; or
- (5) Assaulting, committing a battery upon, or

- (a) Operation and use of motor vehicles, aircraft and boats;
- (b) Hunting and fishing;
- (c) Use of firearms or other weapons;
- (d) Injury to persons, or destruction or damage to property;
- (e) Air and water pollution;
- (f) Littering;
- (g) Sanitation;
- (h) Use of fire;
- (i) Pets;
- (j) Forest products; and
- (k) Caves.

NOTE: This section is a general policy statement regarding the applicability of state and local laws and regulations to the public lands. It is NOT a prohibited act, therefore person(s) cannot be charged with violation of this section.

CHAPTER XV - MOTOR VEHICLES

National Trails Act, 1968

16 USC 1242 - National Trails System

(a) Composition: recreation trails; scenic trails; historic trails; connecting or side trails; uniform markers.

The national system of trails shall be composed of the following:

(2) National scenic trails, established as provided in section 1244 of this title, which will be extended trails so located as to provide for maximum outdoor recreation potential and for the conservation and enjoyment of the nationally significant scenic, historic, natural, or cultural qualities of the areas through which such trails may pass. National scenic trails may be located so as to represent desert, marsh, grassland, mountain, canyon, river, forest, and other areas, as well as landforms which exhibit significant characteristics of the physiographic regions of the Nation.

16 USC 1244 - National scenic and national historic trails

(a) Establishment and designation; administration

National scenic and national historic trails shall be authorized and designated only by Act of Congress. There are hereby established the following National Scenic and National Historic Trails:

(2) The Pacific Crest National Scenic Trail, a trail of approximately two thousand three hundred fifty miles, extending from the Mexican-California border northward generally along the mountain ranges of the west coast States to the Canadian-Washington border near Lake Ross....,

(5) The Continental Divide National Scenic Trail, a trail of approximately thirty-one hundred miles, extending from the Montana- Canada border to the New Mexico-Mexico border....,

16 USC 1246(c)

... The use of motorized vehicles by the general public along any national scenic trail shall be prohibited and nothing in this chapter shall be construed as authorizing the use of motorized vehicles within the natural and historical areas of the national park system, the national wildlife refuge system, the national wilderness preservation system where they are presently prohibited or on other Federal lands where trails are designated as being closed to such use by the appropriate Secretary: Provided, That the Secretary charged with the administration of such trail shall establish regulations which shall authorize the use of motorized vehicles when, in his judgment, such vehicles are necessary to meet emergencies or to enable adjacent landowners or land users to have reasonable access to their lands or timber rights: Provided further, That private lands included in the national recreation, national scenic, or national historic trails by cooperative agreement of a landowner shall not preclude such owner from using motorized vehicles on or across such trails or adjacent lands from time to time in accordance with regulations to be established by the appropriate Secretary.... Other uses along the historic trails

and the Continental Divide National Scenic Trail, which will not substantially interfere with the nature and purposes of the trail, and which, at the time of designation, are allowed by administrative regulations, including the use of motorized vehicles, shall be permitted by the Secretary charged with the administration of the trail...

Executive Order No. 11644, Use of Off-road Vehicles on Public Lands, Feb. 8, 1972

Section 3. Zones of Use.

(a) Each respective agency head shall develop and issue regulations and administrative instructions, within six months of the date of this order, to provide for administrative designation of the specific areas and trails on public lands on which the use of off-road vehicles may be permitted, and areas in which the use of off-road vehicles may not be permitted, and set a date by which such designation of all public lands shall be completed. Those regulations shall direct that the designation of such areas and trails will be based upon the protection of the resources of the public lands, promotion of the safety of all users of those lands, and minimization of conflicts among the various uses of those lands. The regulations shall further require that the designation of such areas and trails shall be in accordance with the following—

- (1) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, or other resources of the public lands.
- (2) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats.
- (3) Areas and trails shall be located to minimize conflicts between off-road vehicle use and other existing or proposed recreational uses of the same or neighboring public lands, and to ensure the compatibility of such uses with existing conditions in populated areas, taking into account noise and other factors.
- (4) Areas and trails shall not be located in officially designated Wilderness Areas or Primitive Areas. Areas and trails shall be located in areas of the National Park system, Natural Areas, or National Wildlife Refuges and Game Ranges only if the respective agency head determines that off-road vehicle use in such locations will not adversely affect their natural, aesthetic, or scenic values...

Section 4. Operating Conditions.

Each respective agency head shall develop and publish, within one year of the date of this order, regulations prescribing operating conditions for off-road vehicles on the public lands. These regulations shall be directed at protecting resource values, preserving public health, safety, and welfare, and minimizing use conflicts.

Section 6. Enforcement.

The respective agency head shall, where authorized by law, prescribe appropriate penalties for violation of regulations adopted pursuant to this order, and shall establish procedures for the enforcement of those regulations. To the extent permitted by law, he may enter into agreements with State or local governmental agencies for cooperative enforcement of laws and regulations relating to off-road vehicle use.

Section. 9. Special Protection of the Public Lands.

(a) Notwithstanding the provisions of Section 3 of this Order, the respective agency head shall, whenever he determines that the use of off-road vehicles will cause or is causing considerable adverse effects on the soil, vegetation, wildlife, wildlife habitat or cultural or historic resources of particular areas or trails of the public lands, immediately close such areas or trails to the type of off-road vehicle causing such effects, until such time as he determines that such adverse effects have been eliminated and that measures have been implemented to prevent future recurrence.

(b) Each respective agency head is authorized to adopt the policy that portions of the public lands within his jurisdiction shall be closed to use by off-road vehicles except those areas or trails which are suitable and specifically designated as open to such use pursuant to Section 3 of this Order.

43 CFR 8340 Off-road vehicles

43 CFR 8340.0-5 - Definitions

As used in this part:

(a) "Off-Road Vehicle" means any motorized vehicle capable of, or designed for, travel on or immediately over land, water, or other natural terrain, excluding:

- (1) Any nonamphibious registered motorboat;
- (2) any military, fire, emergency, or law enforcement vehicle while being used for emergency purposes;
- (3) any vehicle whose use is expressly authorized by the authorized officer, or otherwise officially approved;
- (4) Vehicles in official use; and
- (5) any combat or combat support vehicle when used in times of national defense emergencies.

NOTE: The phrase "off-road vehicle" originally comes from Executive Order 11644 and is defined in both these regulations and executive order 11644 as "any motorized vehicle" with the exception of those excluded above. Therefore these regulations are often used for the purpose of regulating all motorized vehicle activities on public lands. Executive Order 11644 defines "public lands" as all lands under the custody and control of the Secretary of the Interior. This gives BLM authority over regulating the use of motorized vehicles on all FLPMA public lands depending upon how much "custody and control" may have been relinquished in various rights-of-way grants for State and local highways and roads. However, in the interest of cooperation with

State and local regulatory and law enforcement officials, these regulations should not be enforced on controlled access interstates and highways where law enforcement jurisdiction is actively asserted by such State and local officials. These regulations should be used in such places as:

- (1) BLM maintained and operated highways, roads, and trails;*
- (2) BLM designated scenic routes and back country byways;*
- (3) designated national trails that are open to motorized vehicles;*
- (4) designated off-road vehicle recreation areas; and*
- (5) other locations on the public lands where the BLM has the primary responsibility for resource protection and public safety.*

43 CFR 8342 - Designation of Areas & Trails

43 CFR 8342.1 - Designation criteria

The authorized officer shall designate all public lands as either open, limited, or closed to off-road vehicles. All designations shall be based on the protection of the resources of the public lands, the promotion of the safety of all the users of the public lands, and the minimization of conflicts among various uses of the public lands; and in accordance with the following criteria:

- (a) Areas and trails shall be located to minimize damage to soil, watershed, vegetation, air, or other resources of the public lands, and to prevent impairment of wilderness suitability.
- (b) Areas and trails shall be located to minimize harassment of wildlife or significant disruption of wildlife habitats. Special attention will be given to protect endangered or threatened species and their habitats.
- (c) Areas and trails shall be located to minimize conflicts between off-road vehicle use and other existing or proposed recreational uses of the same or neighboring public lands, and to ensure the compatibility of such uses with existing conditions in populated areas, taking into account noise and other factors.
- (d) Areas and trails shall not be located in officially designated wilderness areas or primitive areas. Areas and trails shall be located in natural areas only if the authorized officer determines that off-road vehicle use in such locations will not adversely affect their natural, esthetic, scenic, or other values for which such areas are established.

43 CFR 8342.2 - Designation procedures

- (a) Public participation.

The designation and redesignation of trails is accomplished through the resource management planning process described in part 1600 of this title. Current and potential impacts of specific vehicle types on all resources and uses in the planning area shall be considered in the process of preparing resource management plans, plan revisions, or plan amendments. Prior to making designations or redesignations, the authorized officer shall consult with interested user groups, Federal, State, county and local agencies, local landowners, and other parties in a

manner that provides an opportunity for the public to express itself and have its views given consideration.

(b) Designation.

The approval of a resource management plan, plan revision, or plan amendment constitutes formal designation of off-road vehicle use areas. Public notice of designation or redesignation shall be provided through the publication of the notice required by Sec. 1610.5-1(b) of this title. Copies of such notice shall be available to the public in local Bureau offices.

(c) Identification of designated areas and trails.

The authorized officer shall, after designation, take action by marking and other appropriate measures to identify designated areas and trails so that the public will be aware of locations and limitations applicable thereto. The authorized officer shall make appropriate informational material, including maps, available for public review.

43 CFR 8340.0-7 - Penalties

Any person who violates or fails to comply with the regulations of Subparts 8341 and 8343 is subject to arrest, conviction, and punishment pursuant to appropriate laws and regulations. Such punishment may be a fine of not more than \$1,000 or imprisonment for not longer than 12 months, or both.

43 CFR 8341.1 - Regulations governing use

(a) The operation of off-road vehicles is permitted on those areas and trails designated as open to off-road vehicle use.

(b) Any person operating an off-road vehicle on those areas and trails designated as limited shall conform to all terms and conditions of the applicable designation orders.

(c) The operation of off-road vehicles is prohibited on those areas and trails closed to off-road vehicle use.

(d) It is prohibited to operate an off-road vehicle in violation of State laws and regulations relating to use, standards, registration, operation, and inspection of off-road vehicles. To the extent that State laws and regulations do not exist or are less stringent than the regulations in this part, the regulations in this part are minimum standards and are controlling.

NOTE: Because Section 4 of Executive Order 11644 directs the regulations at protecting resource values, preserving public health, safety, and welfare, and minimizing use conflicts, this section should be enforced to the extent that it serves those purposes. Enforcement of State registration requirements should be done in consultation with the appropriate State and local enforcement officials.

(e) No person may operate an off-road vehicle on public lands without a valid State operator's license or learner's permit where required by State or Federal law.

(f) No person shall operate an off-road vehicle on public lands:

(1) In a reckless, careless, or negligent manner;

(2) In excess of established speed limits;

(3) While under the influence of alcohol, narcotics, or dangerous drugs;

NOTE: This section enables the BLM to deal specifically with the DUI issue as it relates to preserving public health, safety, and welfare on the public lands. Normally, enforcement of such a prohibition involves the arrest of the subject with sobriety testing, breath testing, and blood testing. This can be quite time consuming and may be better handled by available State and local officers. Enforcement of this section should be done in consultation with the appropriate State and local enforcement official^s.

(4) In a manner causing, or likely to cause significant, undue damage to or disturbance of the soil, wildlife, wildlife habitat, improvements, cultural, or vegetative resources or other authorized uses of the public lands; and

(5) During night hours, from a half-hour after sunset to a half-hour before sunrise, without lighted headlights and taillights.

(g) Drivers of off-road vehicles shall yield the right-of-way to pedestrians, saddle horses, pack trains, and animal-drawn vehicles.

(h) Any person who operates an off-road vehicle on public lands must comply with the regulations in this part, and in § 8341.2 as applicable, while operating such vehicle on public lands.

43 CFR 8343.1 - Standards

(a) No off-road vehicle may be operated on public lands unless equipped with brakes in good working condition.

(b) No off-road vehicle equipped with a muffler cutout, bypass, or similar device, or producing excessive noise exceeding Environmental Protection Agency standards, when established, may be operated on public lands.

(c) By posting appropriate signs or by marking a map which shall be available for public inspection at local Bureau offices, the authorized officer may indicate those public lands upon which no off-road vehicle may be operated unless equipped with a properly installed spark arrester. The spark arrester must meet either the U.S. Department of Agriculture--Forest Service Standard 5100-1a, or the 80-percent efficiency level standard when determined by the appropriate Society of Automotive Engineers (SAE) Recommended Practices J335 or J350. These standards include, among others, the requirements that: (1) The spark arrester shall have an efficiency to retain or destroy at least 80 percent of carbon particles for all flow rates, and (2) the spark arrester has been warranted by its manufacturer as meeting this efficiency requirement for at least 1,000 hours subject to normal use, with maintenance and mounting in accordance with the manufacturer's recommendation. A spark arrester is not required when an off-road vehicle is being operated in an area which has 3 or more inches of snow on the ground.

(d) Vehicles operating during night hours, from a half-hour after sunset to a half-hour before sunrise, shall comply with the following:

(1) Headlights shall be of sufficient power to illuminate an object at 300 feet at night under normal, clear atmospheric conditions. Two- or three-wheeled vehicles or single-tracked vehicles will have a minimum of one headlight. Vehicles having four or more wheels or more than a single track will have a minimum of two headlights, except double tracked snow machines with a maximum capacity of two people may have only one headlight.

(2) Red taillights, capable of being seen at a distance of 500 feet from the rear at night under normal, clear atmospheric conditions, are required on vehicles in the same numbers as headlights.

43 CFR 8351 - Designated National Area; National Scenic Trails

43 CFR 8351.1-1 - National Scenic Trails

(a) Motorized vehicle use. No one shall operate a motorized vehicle along a national scenic trail except:

(1) When motorized vehicular use is necessary to meet emergencies involving health, safety, fire suppression, or law enforcement; or

(2) Where the authorized officer determines that adjacent landowners and land users have a need for reasonable access to their lands, interests in lands, or timber rights; or

(3) On roads that are designated segments of the National Scenic Trail System and are posted as open to motorized vehicles.

(b) Penalties. In accordance with section 7(i) of the National Trails System Act of 1968, as amended (§ 16 USC 1246), anyone convicted of violating this regulation is subject to a fine not to exceed \$500 and/or imprisonment not to exceed six months.

43 CFR 8360 - Visitor Services; Rules of Conduct

43 CFR 8360.0-5 - Definitions

As used in this part, the term:

(e) Vehicle means any motorized transportation conveyance designed and licensed for use on roadways, such as an automobile, bus, or truck, and any motorized conveyance originally equipped with safety belts.

43 CFR 8365.1-3 - Vehicles

(a) When operating a vehicle on the public lands, no person shall exceed posted speed limits, willfully endanger persons or property, or act in a reckless, careless or negligent manner.

(b)

(1) The operator of a motor vehicle is prohibited from operating a motor vehicle in motion, unless the operator and each front seat passenger is restrained by a properly fastened safety belt that conforms to applicable

United States Department of Transportation standards, except that children, as defined by State law, shall be restrained as provided by State law.

(2) Paragraph (b) applies on public lands, or portions thereof, that are located within a State in which there is no State law in effect that requires the mandatory use of a safety belt by the vehicle operator and any front seat passenger. It also applies on public lands, or portions thereof, located within a State in which the mandatory safety belt law of the State does not apply to the public lands or in which any provision of State law renders the mandatory safety belt law of the State unenforceable by the authorized officer as to acts or omissions occurring on the public lands.

(3) This section does not apply to an operator or a passenger of a motor vehicle occupying a seat that was not originally equipped by the manufacturer with a safety belt, nor does it apply to an operator or passenger with a medical condition that prevents restraint by a safety belt or other occupant restraining device.

(4) An authorized officer may not stop a motor vehicle for the sole purpose of determining whether a violation of paragraph (b)(1) of this section is being committed.

NOTE: These regulations clearly apply to "any motorized transportation conveyance" on all FLPMA public lands. However, enforcement of these regulations also depends on how much "custody and control" may have been relinquished in various rights-of-way grants for State and local highways and roads. In the interest of cooperation with State and local regulatory and law enforcement officials, these regulations should not be enforced on controlled access interstates and highways where law enforcement jurisdiction is actively asserted by such State and local officials. These regulations should be used in such places as: (1) BLM maintained and operated highways, roads, and trails; (2) BLM designated scenic routes and back country byways; (3) BLM developed recreation sites and parking lots; and (4) other locations on the public lands where the BLM has the primary responsibility for resource protection and public safety. Also note that enforcement of the seat belt requirement is secondary. There must be at least reasonable suspicion for a violation of some other Federal law or regulation prior to inspecting for seat belt use.

43 CFR 8360 - Visitor Services; Rules of Conduct; Developed Recreation Sites & Areas

43 CFR 8360.0-5 - Definitions

As used in this part, the term:

(c) "Developed sites and areas" means sites and areas that contain structures or capital improvements primarily used by the public for recreation purposes. Such sites or areas may include such features as: delineated spaces for parking, camping or boat launching; sanitary facilities; potable water; grills or fire rings; tables; or controlled access.

43 CFR 8365.2-4 - Vehicles

Unless otherwise authorized, no motor vehicle shall be driven within developed recreation sites or areas except on roads or places provided for this purpose.

43 CFR 2930 - Permits for Recreation; General

43 CFR 2931.2 - What kinds of permits does BLM issue for recreation-related uses of public lands?

The regulations in this part establish permit and fee systems for:

- (a) Special Recreation Permits for commercial use, organized group activities or events, competitive use, and for use of special areas; and
- (b) Recreation use permits for use of fee areas such as campgrounds and day use areas.

43 CFR 2931.3 - What are the authorities for these regulations?

(a) The statutory authorities underlying the regulations in this part are the Federal Land Policy and Management Act, 43 USC 1701 et seq., and the Land and Water Conservation Fund Act, as amended, 16 USC 460I-6a.

(1) The Federal Land Policy and Management Act (FLPMA) contains the Bureau of Land Management's (BLM's) general land use management authority over the public lands, and establishes outdoor recreation as one of the principal uses of those lands (43 USC 1701(a)(8)). Section 302(b) of FLPMA directs the Secretary of the Interior to regulate through permits or other instruments the use of the public lands, which includes commercial recreation use. Section 303 of FLPMA contains BLM's authority to enforce the regulations and impose penalties.

(2) The Land and Water Conservation Fund (LWCF) Act, as amended, authorizes BLM to collect fees for recreational use (16 USC 460I-6a(a), (c)), and to issue special recreation permits for group activities and recreation events, and limits the services for which we may collect fees (16 USC 460I-6a(a), (b), (g)).

NOTE: This section of the Land and Water Conservation Fund Act (LWCFA) was repealed per section 813 of the Federal Land Recreation Enhancement Act of 2004 (16 USC 6812), however regulations promulgated under authority of the LWCFA remain in effect until new regulations are completed. (16 USC 6812(f))

(3) The Sentencing Reform Act (18 USC 3571) is the authority for the possible penalties for violations of these regulations.

(b) The regulations at 36 CFR part 71 require all Department of the Interior bureaus to use the criteria in that part to set recreation fees. These criteria are based on the LWCF Act and stated in Sec. 71.9 and 71.10 of that part.

43 CFR 2932 - Special Recreation Permits for Commercial Use, Competitive Events, Organized Groups, and Recreation Use in Special Areas.

43 CFR 2932.5 - Definitions

Actual expenses means money spent directly on the permitted activity. These may include costs of such items as food, rentals of group equipment, transportation, and permit or use fees. Actual expenses do not include the rental or purchase of personal equipment, amortization of equipment, salaries or other payments to participants, bonding costs, or profit.

Commercial use means recreational use of the public lands and related waters for business or financial gain.

(1) The activity, service, or use is commercial if--

(i) Any person, group, or organization makes or attempts to make a profit, receive money, amortize equipment, or obtain goods or services, as compensation from participants in recreational activities occurring on public lands led, sponsored, or organized by that person, group, or organization;

(ii) Anyone collects a fee or receives other compensation that is not strictly a sharing of actual expenses, or exceeds actual expenses, incurred for the purposes of the activity, service, or use;

(iii) There is paid public advertising to seek participants; or

(iv) Participants pay for a duty of care or an expectation of safety.

(2) Profit-making organizations and organizations seeking to make a profit are automatically classified as commercial, even if that part of their activity covered by the permit is not profit-making or the business as a whole is not profitable.

(3) Use of the public lands by scientific, educational, and therapeutic institutions or non-profit organizations is commercial and subject to a permit requirement when it meets any of the threshold criteria in paragraphs (1) and (2) of this definition. The non-profit status of any group or organization does not alone determine that an event or activity arranged by such a group or organization is noncommercial.

Competitive use means--

(1) Any organized, sanctioned, or structured use, event, or activity on public land in which 2 or more contestants compete and either or both of the following elements apply:

- (i) Participants register, enter, or complete an application for the event;
- (ii) A predetermined course or area is designated; or

(2) One or more individuals contesting an established record such as for speed or endurance.

Organized group activity means a structured, ordered, consolidated, or scheduled event on, or occupation of, public lands for the purpose of recreational use that is not commercial or competitive.

Special area means:

- (1) An area officially designated by statute, or by Presidential or Secretarial order;
- (2) An area for which BLM determines that the resources require special management and control measures for their protection; or
- (3) An area covered by joint agreement between BLM and a State under Title II of the Sikes Act (16 USC 670a et seq.)

Vending means the sale of goods or services, not from a permanent structure, associated with recreation on the public lands or related waters, such as food, beverages, clothing, firewood, souvenirs, photographs or film (video or still), or equipment repairs.

(a) Except as provided in Sec. 2932.12, you must obtain a Special Recreation Permit for:

- (1) Commercial use, including vending associated with recreational use; or
- (2) Competitive use.

(b) If BLM determines that it is necessary, based on planning decisions, resource concerns, potential user conflicts, or public health and safety, we may require you to obtain a Special Recreation Permit for--

- (1) Recreational use of special areas;
 - (2) Noncommercial, noncompetitive, organized group activities or events;
- or

- (3) Academic, educational, scientific, or research uses that involve:
 - (i) Means of access or activities normally associated with recreation;
 - (ii) Use of areas where recreation use is allocated; or
 - (iii) Use of special areas.

43 CFR 2932.12 - When may BLM waive the requirement to obtain a permit?

We may waive the requirement to obtain a permit if:

- (a) The use or event begins and ends on non-public lands or related waters, traverses less than 1 mile of public lands or 1 shoreline mile, and poses no threat of appreciable damage to public land or water resource values;
- (b) BLM sponsors or co-sponsors the use. This includes any activity or event that BLM is involved in organizing and hosting, or sharing responsibility for, arranged through authorizing letters or written agreements; or
- (c) The use is a competitive event that--
 - (1) Is not commercial;
 - (2) Does not award cash prizes;
 - (3) Is not publicly advertised;
 - (4) Poses no appreciable risk for damage to public land or related water resource values; and
 - (5) Requires no specific management or monitoring.
- (d) The use is an organized group activity or event that--
 - (1) Is not commercial;

 - (4) Requires no specific management or monitoring.

43 CFR 2932.13 - How will I know if individual use of a special area requires a Special Recreation Permit?

BLM will publish notification of the requirement to obtain a Special Recreation Permit to enter a special area in the Federal Register and local and regional news media. We will post permit requirements at major access points for the special area and provide information at the local BLM office.

43 CFR 2932.14 - Do I need a Special Recreation Permit to hunt, trap, or fish?

- (a) If you hold a valid State license, you do not need a Special Recreation Permit to hunt, trap, or fish. You must comply with State license requirements for these activities. BLM Special Recreation Permits do not alone authorize you to hunt, trap, or fish. However, you must have a Special Recreation Permit if BLM requires one for recreational use of a special area where you wish to hunt, trap, or fish.

(b) Outfitters and guides providing services to hunters, trappers, or anglers must obtain Special Recreation Permits from BLM. Competitive event operators and organized groups may also need a Special Recreation Permit for these activities.

43 CFR 2932.32 - When must I pay the fees?

You must pay the required fees before BLM will authorize your use and by the deadline or deadlines that BLM will establish in each case. We may allow you to make periodic payments for commercial use. We will not process or continue processing your application until you have paid the required fees or installments.

43 CFR 2932.34 - When may BLM waive Special Recreation Permit fees?

BLM may waive Special Recreation Permit fees on a case-by-case basis for accredited academic, scientific, and research institutions, therapeutic, or administrative uses.

43 CFR 2932.41 - What stipulations must I follow?

You must follow all stipulations in your approved Special Recreation Permit. BLM may impose stipulations and conditions to meet management goals and objectives and to protect lands and resources and the public interest.

43 CFR 2932.42 - How long is my Special Recreation Permit valid?

You may request a permit for a day, season of use, or other time period, up to a maximum of 10 years. BLM will determine the appropriate term on a case-by-case basis.

43 CFR 2932.43 - What insurance requirements pertain to Special Recreation Permits?

(a) All commercial and competitive applicants for Special Recreation Permits, except vendors, must obtain a property damage, personal injury, and public liability insurance policy that BLM judges sufficient to protect the public and the United States. Your policy must name the U.S. Government as additionally insured or co-insured and stipulate that you or your insurer will notify BLM 30 days in advance of termination or modification of the policy.

(b) We may also require vendors and other applicants, such as organized groups, to obtain and submit such a policy. BLM may waive the insurance requirement if we find that the vending or group activity will not cause appreciable environmental degradation or risk to human health or safety.

43 CFR 2932.44 - What bonds does BLM require for a Special Recreation Permit?

BLM may require you to submit a payment bond, a cash or surety deposit, or other financial guarantee in an amount sufficient to cover your fees or defray the costs of restoration and rehabilitation of the lands affected by the permitted use. We will return the bonds and financial guarantees when you have complied with all permit stipulations. BLM may waive the bonding requirement if we find that your activity will not cause appreciable environmental degradation or risk to human health and safety.

43 CFR 2932.55 - When must I allow BLM to examine my permit records?

(a) You must make your permit records available upon BLM request. BLM will not ask to inspect any of this material later than 3 years after your permit expires.

(b) BLM may examine any books, documents, papers, or records pertaining to your Special Recreation Permit or transactions relating to it, whether in your possession, or that of your employees, business affiliates, or agents.

43 CFR 2932.56 - When will BLM amend, suspend, or cancel my permit?

(c) If we suspend your permit or a portion thereof, all of your responsibilities under the permit will continue during the suspension.

43 CFR 2932.57 - Prohibited acts and penalties

(1) Fail to obtain a Special Recreation Permit and pay the fees required by this subpart;

(2) Violate the stipulations or conditions of a permit issued under this subpart;

43 CFR 2933--Recreation Use Permits for Fee Areas

43 CFR 2933.11 - When must I obtain a Recreation Use Permit?

You must obtain a Recreation Use Permit for individual or group use of fee areas. These are sites where we provide or administer specialized facilities, equipment, or services related to outdoor recreation. You may visit these areas for the uses and time periods BLM specifies. You may contact this office for permit information when planning your visit.

(b) We may revoke your permit if you commit any of the acts prohibited in subpart 8365 of this chapter, or violate any of the stipulations attached to your permit, or any site-specific rules posted in the area.

NOTE: The administrative process of notice of trespass should be utilized prior to implementing criminal law enforcement actions on these regulations when a person holds a valid authorization to make certain that the person has had an opportunity to comply and that the violations continue to be “knowingly and willfully” violated.

(b) Evidence of nonpayment. BLM will consider failure to display proof of payment on your unattended vehicle parked within a fee area, where payment is required under paragraph (a)(2) of this section, to be prima facie evidence of nonpayment.

43 CFR 2800.0-5 - Definitions

As used in this part, the term:

- (a) *Act* means the Federal Land Policy and Management Act of October 21, 1976 (43 USC 1701 et seq.).
- (b) *Secretary* means the Secretary of the Interior.
- (c) *Authorized officer* means any employee of the Bureau of Land Management to whom has been delegated the authority to perform the duties described in this part.
- (d) *Public lands* means any lands or interest in land owned by the United States and administered by the Secretary through the Bureau of Land Management, without regard to how the United States acquired ownership, except:
 - (1) Lands located on the Outer Continental Shelf; and
 - (2) lands held for the benefit of Indians, Aleuts and Eskimos.

(j) *Facility* means an improvement constructed or to be constructed or used within a right-of-way pursuant to a right-of-way grant. For purposes of communication site rights-of-way, facility means the building, tower, and/or other related incidental improvements authorized under terms of the right-of-way grant.

Conduct which is otherwise regarded as being knowing or willful does not become innocent through the belief that the conduct is reasonable or legal.

(w) *Nonwillful trespass* means a trespass, as defined at Sec. 2801.3(a) of this title, committed by mistake or inadvertence.

(x) *Unnecessary or undue degradation* means surface disturbance greater than that which would normally result when the same or a similar activity is being accomplished by a prudent person in a usual, customary, and proficient manner that takes into consideration the effects of the activity on other resources and land uses, including those resources and uses outside the area of activity. This disturbance may be either nonwillful or willful as described in Sec. 2800.0-5(v) through (w), depending upon the circumstances,

- (d) Failure to satisfy the liability and penalty requirements imposed under this section for unauthorized use of the public lands may result in denial of:
- (1) A use authorization under this part; and
 - (2) A request to purchase or exchange public lands filed under subparts 2711 and 2201 of this title.
- (e) Any person who knowingly and willfully violates the regulations in this part by using the public lands without the authorization required by this part, in addition to the civil penalties provided for in this part, may be subject to a fine of not more than \$1,000 or imprisonment of not more than 12 months, or both under subpart 9262 of this title.
- (f) Any person adversely affected by a decision issued under this section, may appeal that decision under the provisions of part 4 of this title.

NOTE: The administrative process of notice of trespass should be utilized prior to implementing criminal law enforcement actions on these regulations when a person holds a valid authorization to make certain that the person has had an opportunity to comply and that the violations continue to be "knowingly and willfully" violated. This should also be the case for first offenses for persons without authorization where the violation is "de minimis", the resource damage is negligible, and the BLM would have granted an authorization but for the asking.

Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA)

42 USC 9603 - Notification requirements respecting released substances

(a) Notice to National Response Center upon release from vessel or offshore or onshore facility by person in charge; conveyance of notice by Center.

Any person in charge of a vessel or an offshore or an onshore facility shall, as soon as he has knowledge of any release (other than a federally permitted release) of a hazardous substance from such vessel or facility in quantities equal to or greater than those determined pursuant to section 9602 of this title, immediately notify the National Response Center established under the Clean Water Act [33 U.S.C. 1251 et seq.] of such release. The National Response Center shall convey the notification expeditiously to all appropriate Government agencies, including the Governor of any affected State.

(b) Penalties for failure to notify; use of notice or information pursuant to notice in criminal case. Any person—

(1) in charge of a vessel from which a hazardous substance is released, other than a federally permitted release, into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, or

(2) in charge of a vessel from which a hazardous substance is released, other than a federally permitted release, which may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States (including resources under the Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq.]), and who is otherwise subject to the jurisdiction of the United States at the time of the release, or

(3) in charge of a facility from which a hazardous substance is released, other than a federally permitted release, in a quantity equal to or greater than that determined pursuant to section 9602 of this title who fails to notify immediately the appropriate agency of the United States Government as soon as he has knowledge of such release or who submits in such a notification any information which he knows to be false or misleading shall, upon conviction, be fined in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both. Notification received pursuant to this subsection or information obtained by the exploitation of such notification shall not be used against any such person in any criminal case, except a prosecution for perjury or for giving a false statement.

(c) Notice to Administrator of EPA of existence of storage, etc., facility by owner or operator; exception; time, manner, and form of notice; penalties for failure to notify; use of notice or information pursuant to notice in criminal case.

Within one hundred and eighty days after December 11, 1980, any person who owns or operates or who at the time of disposal owned or operated, or who accepted hazardous substances for transport and selected, a facility at which hazardous substances (as defined in section 9601(14)(C) of this title) are or have been stored, treated, or disposed of shall, unless such facility has a permit issued under, or has been accorded interim status under, subtitle C of the Solid Waste Disposal Act [42 U.S.C. 6921 et seq.], notify the Administrator of the Environmental Protection Agency of the existence of such facility, specifying the amount and type of any hazardous substance to be found there, and any known, suspected, or likely releases of such substances from such facility. The Administrator may prescribe in greater detail the manner and form of the notice and the information included. The Administrator shall notify the affected State agency, or any department designated by the Governor to receive such notice, of the existence of such facility. Any person who knowingly fails to notify the Administrator of the existence of any such facility shall, upon conviction, be fined not more than \$10,000, or imprisoned for not more than one year, or both. In addition, any such person who knowingly fails to provide the notice required by this subsection shall not be entitled to any limitation of liability or to any defenses to liability set out in section 9607 of this title: Provided, however, That notification under this subsection is not required for any facility which would be reportable hereunder solely as a result of any stoppage in transit which is temporary, incidental to the transportation movement, or at the ordinary operating convenience of a common or contract carrier, and such stoppage shall be considered as a continuity of movement and not as the storage of a hazardous substance. Notification received pursuant to this subsection or information obtained by the exploitation of such notification shall not be used against any such person in any criminal case, except a prosecution for perjury or for giving a false statement.

(d) Recordkeeping requirements; promulgation of rules and regulations by Administrator of EPA; penalties for violations; waiver of retention requirements

(1) The Administrator of the Environmental Protection Agency is authorized to promulgate rules and regulations specifying, with respect to—

(A) the location, title, or condition of a facility, and

(B) the identity, characteristics, quantity, origin, or condition (including containerization and previous treatment) of any hazardous substances contained or deposited in a facility; the records which shall be retained by any person required to provide the notification of a facility set out in subsection (c) of this section. Such specification shall be in accordance with the provisions of this subsection.

(2) Beginning with December 11, 1980, for fifty years thereafter or for fifty years after the date of establishment of a record (whichever is later), or at any such earlier time as a waiver if obtained under paragraph (3) of this subsection, it shall be unlawful for any such person knowingly to destroy, mutilate, erase, dispose of, conceal, or otherwise render unavailable or unreadable or falsify any records identified in paragraph (1) of this subsection. Any person who violates this paragraph shall, upon conviction, be fined in accordance with the applicable provisions of title 18 or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both.

(3) At any time prior to the date which occurs fifty years after December 11, 1980, any person identified under paragraph (1) of this subsection may apply to the Administrator of the Environmental Protection Agency for a waiver of the provisions of the first sentence of paragraph (2) of this subsection. The Administrator is authorized to grant such waiver if, in his discretion, such waiver would not unreasonably interfere with the attainment of the purposes and provisions of this chapter. The Administrator shall promulgate rules and regulations regarding such a waiver so as to inform parties of the proper application procedure and conditions for approval of such a waiver.

(4) Notwithstanding the provisions of this subsection, the Administrator of the Environmental Protection Agency may in his discretion require any such person to retain any record identified pursuant to paragraph (1) of this subsection for such a time period in excess of the period specified in paragraph (2) of this subsection as the Administrator determines to be necessary to protect the public health or welfare.

(e) Applicability to registered pesticide product This section shall not apply to the application of a pesticide product registered under the Federal Insecticide, Fungicide, and Rodenticide Act [7 U.S.C. 136 et seq.] or to the handling and storage of such a pesticide product by an agricultural producer.

(f) Exemptions from notice and penalty provisions for substances reported under other Federal law or is in continuous release, etc. No notification shall be required under subsection (a) or (b) of this section for any release of a hazardous substance—

- (2) which is a continuous release, stable in quantity and rate, and is—
 - (A) from a facility for which notification has been given under subsection (c) of this section, or
 - (B) a release of which notification has been given under subsections (a) and (b) of this section for a period sufficient to establish the continuity, quantity, and regularity of such release: Provided, That notification in accordance with subsections (a) and (b) of this paragraph shall be given for releases subject to this paragraph annually, or at such time as there is any statistically significant increase in the quantity of any hazardous substance or constituent thereof released, above that previously reported or occurring.

CHAPTER XXI - CLOSURES, RESTRICTIONS, AND SUPPLEMENTARY RULES

Federal Land Policy and Management Act, 1976

43 USC 1740

The Secretary, with respect to the public lands, shall promulgate rules and regulations to carry out the purposes of this Act and of other laws applicable to the public lands, and the Secretary of Agriculture, with respect to lands within the National Forest System, shall promulgate rules and regulations to carry out the purposes of this Act. The promulgation of such rules and regulations shall be governed by the provisions of chapter 5 of Title 5, without regard to section 553(a)(2). Prior to the promulgation of such rules and regulations, such lands shall be administered under existing rules and regulations concerning such lands to the extent practical.

NOTE: This section makes the Administrative Procedures Act mandatory for the promulgation of all BLM rules and regulations, including closures, restrictions, and supplementary rules.

Administrative Procedures Act, 1946

5 USC 553

(a) This section applies, according to the provisions thereof, except to the extent that there is involved—

- (1) a military or foreign affairs function of the United States; or
- (2) a matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts.

(b) General notice of proposed rule making shall be published in the Federal Register, unless persons subject thereto are named and either personally served or otherwise have actual notice thereof in accordance with law. The notice shall include—

- (1) a statement of the time, place, and nature of public rule making proceedings;
- (2) reference to the legal authority under which the rule is proposed; and
- (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

Except when notice or hearing is required by statute, this subsection does not apply—

- (A) to interpretative rules, general statements of policy, or rules of agency organization, procedure, or practice; or
- (B) when the agency for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the rules issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

(c) After notice required by this section, the agency shall give interested persons an opportunity to participate in the rule making through submission of written data, views, or arguments with or without opportunity for oral presentation. After consideration of the relevant matter presented, the agency shall incorporate in the rules adopted a concise general statement of their basis and purpose. When rules are required by statute to be made on the record after opportunity for an agency hearing, sections 556 and 557 of this title apply instead of this subsection.

(d) The required publication or service of a substantive rule shall be made not less than 30 days before its effective date, except—

- (1) a substantive rule which grants or recognizes an exemption or relieves a restriction;
- (2) interpretative rules and statements of policy; or
- (3) as otherwise provided by the agency for good cause found and published with the rule.

(e) Each agency shall give an interested person the right to petition for the issuance, amendment, or repeal of a rule.

Federal Land Policy and Management Act, 1976

43 USC 1732(b)

...That nothing in this Act shall be construed as authorizing the Secretary concerned to require Federal permits to hunt and fish on public lands or on lands in the National Forest System and adjacent waters or as enlarging or diminishing the responsibility and authority of the States for management of fish and resident wildlife. However, the Secretary concerned may designate areas of public land and of lands in the National Forest System where, and establish periods when, no hunting or fishing will be permitted for reasons of public safety, administration, or compliance with provisions of applicable law. Except in emergencies, any regulations of the Secretary concerned relating to hunting and fishing pursuant to this section shall be put into effect only after consultation with the appropriate State fish and game department.... In managing the public lands the Secretary shall, by regulation or otherwise, take any action necessary to prevent unnecessary or undue degradation of the lands.

NOTE: This section requires consultation with the appropriate State fish and game agency prior to implementing any closures of public lands to hunting and/or fishing.

43 CFR 6302 Wilderness Areas

43 CFR 6302.19 - When may BLM close or restrict use of wilderness areas?

When necessary to carry out the provisions of the Wilderness Act and other Federal laws, BLM may close or restrict the use of lands or waters within the boundaries of a BLM wilderness area, using the procedures in Sec. 8364.1 of this chapter. BLM will limit any such closure to affect the smallest area necessary for the shortest time necessary.

43 CFR 8351 National Wild and Scenic Rivers

43 CFR 8351.2-1 - Special rules (National Wild and Scenic Rivers)

(a) The authorized officer may issue written orders which close or restrict the use of the lands and water surface administered by the Bureau of Land Management within the boundary of any component of the National Wild and Scenic River System when necessary to carry out the intent of the Wild and Scenic Rivers Act. Each order shall:

- (2) Specify the time during which the closure or restriction applies;
- (3) State each prohibition which is applied; and
- (4) Be posted in accordance with paragraph (d) of this section.

(b) A written order may exempt any of the following persons from any of the prohibitions contained in the order:

- (1) Persons with written permission authorizing the otherwise prohibited act or omission. The authorized officer may include in any written permission such conditions considered necessary for the protection of a person, or the lands or water surface and resources or improvements located thereon.

- (3) Residents within the boundaries of the designated wild and scenic river area.
- (4) Any Federal, State, or local government officer or member of an organized rescue or fire suppression force in the performance of an official duty.
- (5) Persons in a business, trade or occupation within the boundaries of the designated wild and scenic river area.

(c) The violation of the terms or conditions of any written permission issued under paragraph (b)(1) of this section is prohibited.

(d) Posting is accomplished by:

- (1) Placing a copy of an order in each local office having jurisdiction over the lands affected by the order; and
- (2) Displaying each order near and/or within the affected wild and scenic river area in such locations and manner as to reasonably bring the prohibitions contained in the order to the attention of the public.

(e) When provided by a written order, the following are prohibited:

- (1) Going onto or being upon land or water surface;
- (2) Camping;
- (3) Hiking;
- (4) Building, maintaining, attending or using a fire;

43 CFR 8364.1 Closure and Restriction Orders

43 CFR 8360.0-5 - Definitions

As used in this part, the term:

Authorized officer means any employee of the Bureau of Land Management who has been delegated the authority to perform the duties described in this part.

43 CFR 8360.0-7 - Penalties

Violations of any regulations in this part by a member of the public, except for the provisions of § 8365.1-7, are punishable by a fine not to exceed \$1,000 and/or imprisonment not to exceed 12 months. Violations of supplementary rules authorized by § 8365.1-6 are punishable in the same manner.

43 CFR 8364.1 - Closure and restriction orders.

- (a) To protect persons, property, and public lands and resources, the authorized officer may issue an order to close or restrict use of designated public lands.
- (b) Each order shall:
 - (1) Identify the public lands, roads, trails or waterways that are closed to entry or restricted as to use;
 - (2) Specify the uses that are restricted;
 - (3) Specify the period of time during which the closure or restriction shall apply;
 - (4) Identify those persons who are exempt from the closure or restrictions;
 - (5) Be posted in the local Bureau of Land Management Office having jurisdiction over the lands to which the order applies;
 - (6) Be posted at places near and/or within the area to which the closure or restriction applies, in such manner and location as is reasonable to bring prohibitions to the attention of users;
 - (7) Include a statement on the reasons for the closure; and
- (c) In issuing orders pursuant to this section, the authorized officer shall publish them in the FEDERAL REGISTER.
- (d) Any person who fails to comply with a closure or restriction order issued under this subpart may be subject to the penalties provided in § 8360.0-7 of this title.

43 CFR 8365.1-6 - Supplementary Rules

43 CFR 8365.1-6 - Supplementary rules.

The State Director may establish such supplementary rules as he/she deems necessary. These rules may provide for the protection of persons, property, and public lands and resources. No person shall violate such supplementary rules.

- (a) The rules shall be available for inspection in each local office having jurisdiction over the lands, sites or facilities affected;
- (b) The rules shall be posted near and/or within the lands, sites or facilities affected;
- (c) The rules shall be published in the FEDERAL REGISTER; and
- (d) The rules shall be published in a newspaper of general circulation in the affected vicinity, or be made available to the public by such other means as deemed most appropriate by the authorized officer.

NOTE: This section deliberately uses the phrase "State Director" rather than authorized officer. The original preamble published in the FEDERAL REGISTER on August 10, 1983 states, "The scope of the authority has been limited in the final rulemaking to the protection of persons, property, public lands and their resources, and the discretion has been restricted to the State Director." Unfortunately, the preamble to the final rule is not published in the permanent CFR; however, this information was announced to the public when the final rule was published in the FEDERAL REGISTER. Therefore, supplementary rules issued by managers other than the State Director may be invalid.

43 CFR 9212.2 - Fire Prevention Orders

43 CFR 9212.2 - Fire prevention orders

- (a) To prevent wildfire or facilitate its suppression, an authorized officer may issue fire prevention orders that close entry to, or restrict uses of, designated public lands.
- (b) Each fire prevention order shall:

 - (2) Specify the time during which the closure or restriction shall apply;
 - (3) Identify those persons who, without a written permit, are exempt from the closure or restrictions;
 - (4) Be posted in the local Bureau of Land Management office having jurisdiction over the lands to which the order applies; and
 - (5) Be posted at places near the closed or restricted area where it can be readily seen.
